

**Finally... Free At Last!**

**“... Thank GOD Almighty”**

**HAPPY BIRTHDAY PITTSBURGH!**

**“The Most Livable City in America”**

**Celebrating 250 Years**

**By EO Killebrew**

For Pittsburgh to truly be the most livable city, there has to be rules that are adhered to. The question is, whose rules are spoken in this city? Our state was founded to be a holy experiment, yet has been infested with unholy activity. Some of this information will make you uncomfortable, which will be the beginning of change and a new hope.

“Let GOD arise, and HIS enemies be scattered....”

Psalm 68:1

**“And the Spirit and the bride say, Come!”...  
Rev. 22:17**

**“Free at last, free at last, thank GOD almighty, we’re free at last!”**

Rev. Dr. Martin Luther King, Jr.

So He (Jesus) said to them, "When you pray, say: Our Father in heaven, Hallowed be Your name. Your kingdom come. Your will be done On earth as it is in heaven. ...”

Luke 11:2

## **Correction begins at the “House of the LORD”**

It is hurtful to admit the anger and bitterness between people is everywhere, especially in the churches and between denominations. Even more so, the divisions and slander that accompanies this hatred that has been so prevalent, which includes people in the same church. Because of my ignorance and certain teachings, I was caught up in that as well. I have since come to learn that this was the working of a Religious spirit and witchcraft, which divides the Body of Believers. Today, too many people are hungry for GOD’s presence and not religion, which has become a platform adjusted to a person’s views. It is a form of control. It is amazing how people are taught to remove their faith from society by not acting upon their beliefs. Too many “make believe” people of GOD are reflected in our city by religious people, which affects our city drastically. What are the laws that make us the most livable city if they are not the laws of our nation?

On the flip side, there is so much division in this city and region that people don’t need to learn it in church. They see the church folk doing as they are and have no need to follow their faith if there is no difference or real change in significant areas. Many people use their religion to keep the separations and set an example for those who are not churched. In the eyes of GOD it all *STINKS!!!!* So, guess what? HE has come and HE is drastically changing things whether we like it or not!

**Now I plead with you, brethren, by the name of our Lord Jesus Christ, that you all speak the same thing, and that there be no divisions among you, but that you be perfectly joined together in the same mind and in the same judgment.**

**1 Corinthians 1:10**

We were all designed for a particular purpose and place to be significant. This would include the various denominations. The “thin line” here is that we have to be “as one” to be effective and not be a part of a literal “separation.” The Religious spirit hides in the division mindset. Anything that would separate believers in truth, justice and freedom is destructive to the foundation of our Nation. The true American nature is to be the “land of the free and home of the brave,” not land of the cowards and terrorists. It is a shame this mindset is set into the churches as well.

The world has had its eyes on Pittsburgh for many years in one way or another, and here you will find out a few reasons why. The main foundation of racism is due to the “Creation of Whiteness,” which began about 500 years ago. Knowing this should help you understand what is being revealed at this time, which is “The Root of African-American Slavery.”

## **HAPPY BIRTHDAY PITTSBURGH!!!!!!**

First of all, I will give the significance of the number “250.” In Hebrew, the number 5 means, “grace” and 50 stands for “jubilee / restoration.” Add this to the completion of the Hebrew year “5768” which stands for the “Full circle of life” and you can begin to see what GOD has set to be revealed at this time. More will be explained as you read on.

It’s amazing how we live day to day and not realize what GOD has done in our lives on the “long-term” basis. This year, on November 27<sup>th</sup>, 2008, marks the celebration of the 250<sup>th</sup> year of the birth of Pittsburgh. As I pondered on this aspect of time, I asked GOD why was this time so significant? I was then informed that because of the uniqueness of the city and it’s contributions to the massive move forward across the country, and into the world, that it has been hidden from man’s eyes and prepared for God’s glory. The Spirit of Truth will take over this city and region, and everyone against Him will fail in all their efforts to continue the lies and deception that has been going on for centuries.

In this day and age, we are subject to what we are taught and trust that these teachings are true. The educational system has taught lies to circumvent the prosperity of the Black race to benefit the Whites by removing important history and distorting facts to make White people the supreme beings. This is the evidence of racial terrorism. If fact, we are all the same, just given into the grace and sanctions in which GOD has placed before us via His promises, judgments and the curses that we bring on our children and ourselves. I am using the “Black & White” scenarios because we are already familiar with these terms, which is the format and basis for this type of terrorism and what GOD had spoken from the beginning.

Here is a question for the church folk: Do you really think wicked people will be in heaven? Or those who were not taught about GOD or were shown to hate GOD and do what is wrong will be granted the opportunity to live where there is a continuous peace and love for all mankind? This includes all races, creeds and colors, which no man can enter into with hatred in his heart for anyone. Sorry, but it just will not happen. Religion is the worst way to get involved with knowing the true Creator of all things. HE is able to speak to anyone who wants to know about Him. It’s that simple. Religion has destroyed the relationship between man and JHVH, which is why He had to become a man to re-unite man with Himself. Something HE promised HE would do, and did.

GOD’s justice requires Him to judge all evil doings, which HE has given us in the Ten Commandments. There is a plaque, which has the complete listing of what we can expect for doing and not doing them, at the courtyard entrance on the 5<sup>th</sup> Avenue side of the County Courthouse located at 5<sup>th</sup> & Grant. Yet HIS heart is to bring people back to Him and to know who HE is personally. Even though we may get away with whatever we do against GOD, we will definitely reap it one way or the other. The worst part is that it falls on our kids as well, and such begins the generational curses. Even though it wasn’t easy growing up Black, I am thankful for the life I have lived. This is not a “racial” issue, it is just formatted this way for relevance to what GOD had set in motion and why.

## Pittsburgh's Religion

Ah, Pittsburgh, where does your religion start?  
Fresh from your wickedness or straight from GOD's heart?  
What will be the ideals of your next fifty years?  
More devastation? More torment and tears?

You have struggled so long to be a city on top;  
What will be your legacy? Act White or you'll flop?

So many churches in the neighborhoods,  
So many congregations half full;  
So many people you've turned away,  
Because you wanted White rule.

On the subject of religion, so convenient it's true;  
You've adjusted your faith so it only fits you.  
From the Catholics who sin now and repent later,  
To the Jews who say "Let us be good White people."  
Including the bar hopping, church going, holier than thou crew;  
It's all an oxy-moron and it's all pointed at you.

Where is the real Pittsburgh spirit?  
Where are the faithful and true?  
Where are those who want truth in justice,  
Not for yourselves, but for others too?

What is the "Spirit of Pittsburgh?"  
"The Most Livable City" but for who?  
If you are crafty, greedy, White or wicked,  
Come we have a place for you?

What makes you better than any other city?  
What is your appeal and draw?  
What is the deception your spitting out,  
What is the foundation of your hidden law?

Do these words offend you?  
Are they outside of your manipulative control?  
Do you say "How dare you say these things?"  
Do these words make you squirm and scroll?

You have already lynched me, more than once;  
You have burned me and cast me into a pit;  
You have lied, cheated and crippled my life,  
But you cannot out-do GOD's wit.

You have been chosen above all places,  
For the Spirit of Truth to be revealed;  
The 400 years of Egyptian slavery is over;  
The Black man is free to be healed.

Nothing you will do,  
Can stop what GOD has done.  
The Spirit of Truth will arise;  
And be revealed to everyone.

EO Killebrew Jan. 16, 2008 9am

## **After 250 years, are you ready?**

Pittsburgh, PA has been voted the #1 most livable city in America. It is now rated as #6 for families. It has also been noted that Pittsburgh will be more famous for GOD than the Steelers. I however, believe the GOD part and that the wicked agendas, the people involved and racism will be revealed in the doing so. On June 26, 2007, PITT University had come out with a report of Pittsburgh being the worst for Black families in growth and prosperity. In some aspects, it is the worst in the nation. So, who came up with Pittsburgh being the best? Without honesty, there is no integrity and the lack of morality gives the wickedness strength to prosper.

The atmosphere, not only in Pittsburgh, is that of Black people aren't capable of being successful in a superior position, neither are they wanted there. Even though it's not spoken outright, it is definitely on the minds and agendas of those who are able to block or hinder any progression of this happening. It is truly the Black Codes being enforced behind closed doors or simply put "Racism". Again, this doesn't include everyone, but not standing against it or going along with this agenda definitely makes you an accomplice. This city has been infected with the "Copperhead" mentality. These are the people in the North who are sympathetic to the South's continued fight for slavery and the destruction of Blacks wherever possible. Just as a snake has to be lured out of it's nest after being found, so must this same wicked, destructive and dangerous mindset in people be uprooted from their hidden places of comfort and authority.

"Without education, there is no hope for our people and without hope, our future is lost."  
-Charles Hamilton Houston.

### **Growing up on "The Hill"**

Having grown up in the Hill District and then finishing my high school years in Penn Hills, I could plainly see the differences in many areas. I was moved from a place that I knew of as comfortable and self-sufficient to a place of almost total separation. Maybe it was because of Dr. King's death, which devastated the Hill District 3 years before we moved to Penn Hills. I was 11-years old when his death happened, exactly 40 years ago. I was definitely too young to know the full scope of what had happened. The things I have seen and the transitions in people's lives were unreal and hard to comprehend at that time. I've heard about prejudices, but never really knew of it first hand until I reached Penn Hills. Just as Dr. King had the dream, we have been on a 40-year wilderness journey since his death. Now is the time to enter the Promised Land.

As a child, growing up in the Hill District was very enjoyable. Although it was mostly Black, there were no real racial issues outside of what was in the news that I could see. There were White families that we considered family. I can't remember any real issues that were dealt with outside of regular childhood problems. There were also policemen who were respected and friendly as well, yet not all were like this.

I grew up in the government "Projects", in a place called Whiteside Road between 1957 and 1963. Then we moved to the upper part of Bentley Drive, next to the High Rise in the newer

rowhouses or Townhouses, as some called them. Just as with anywhere else, you grow up learning how to deal with the environment. One thing that was a mainstay in our home was that church was mandatory, no questions asked. That's where I fell in love with Jesus (knowing Him) and the thought of loving people and everyone living right. It is the real "Kingdom" lifestyle. This also included the ability for family friends and neighbors to correct us, physically if necessary and send us home if we were caught doing something wrong. It was part of the "Family Environment" which we had known growing up Black. The old adage "It takes a village to raise a child" was and is very true and very lacking in these days. Trust me, I was always doing something wrong, but I thank GOD for the people and the life I have lived on Whiteside Road. Neighborhoods raising children has become a lost art, which should never have been removed from the community. It is this "common unity" that will prevail in any area or structure in our environment.

If you don't instill proper and biblical morals and values in children at least to the age of 12 years, you have sentenced your child to a life completely void of proper instruction for prosperity, morality and respect for people. It is actually a death sentence and you have become the root cause of starting or continuing the family traits (curses) that will defeat what can be a beautiful and abundant family heritage (blessings). The Bible says in Proverbs 22 verse 6 to "Train up a child in the way he should go, and when he is old he will not depart from it." Like it or not, we have an impact on every person we come in contact with, whether we know it or not. It is the impression we leave with them that will either confirm what they are taught, good or bad. It is our choice alone how we choose to treat people. What we don't realize is that it will come back to us and through us to our children, and to our children's children's children. That's a lot to put on people you say you love, or maybe you just don't care?

Living on Whiteside Road we had two recreation centers. One was Ammon's Recreation Center for sports, and the other was called Hill City for arts, crafts and adventures. Ammon's had the swimming pool, which I swam in seemingly everyday of the summer since I was about 4 or 5 years old. You could not get me out of the water. (Just for information purposes here, Black people can and do swim.) What I remembered most about that time was my Aunt Faye used to comment on my glowing red tan and blue-black hair. When we moved to Bentley Drive, I became a Junior Lifeguard at the age of 14 and placed twice in the All-City Swim Meets. I was more a part of Hill City, which had a lot of alternative activities. There was also a group called the Junior Deputy Sheriffs, which I was proud to be a part of. There was a particular Policeman named Pat McNamara whom I remembered as bringing different things to entertain us. He went on to become a prominent member of the Pittsburgh Police force. I also remember Mrs. Nettie, who used to take almost half the project's families, in the back of a huge truck, all day camping in the summer. Mr. Brooks, Mr. Satch, Sam, the number's man, Carl Jordan and Mrs. Clark are a few of the people whom I recall that I had a lot of respect for, and had given a huge amount back into our lives. Another thing I remember was the Block Parties that helped raise money for families who needed help or rent money. A lost art in our communities destroyed by manipulation, lack of unity and deceptive education & television programs.

Another thing we used to do was ride down the front of Whiteside Road in wagons, busting through stacks of bottles, bricks and crates. Right after the barricade, there was a split, which you had to open your eyes to make the turn or run into the pole dividing the walkway. We

thought we were invincible as kids because we had our plastic Steve Canyon Pilot Helmets on, which we got from Hill City. That and the actual rock throwing battles between the courts was good fun, although dangerous. One particular battle I remember was between the 2<sup>nd</sup> & 4<sup>th</sup> courts. We were throwing rocks from McKelvey School up towards the baseball field, where our 4<sup>th</sup> court opponents were. I found myself doing the dumbest thing, which was watching a rock thrown by Alfie. It looked like it was moving in slow motion and hit me in the eye. I believe I was more stunned than anything. At that time, my brother John-John, took off after him. I never knew what happened after that. The best part of that and playing Army was after everything was over, everyone was still friends and went home, not like the foolishness of today. Alfie was the leader of the Junior Deputy Sheriffs, not necessarily at the same time. Did we hold grudges? No, it was stuff we did as kids. Good morals teach you to overcome these childish things and move on. During those times, we have had great mentors via family members and people in our community as well.

Now Whiteside Road is just a memory. Just recently, the summer of 2006, I was surprised and dumbfounded to see the destruction of my childhood being bulldozed and leveled for new construction. It actually tore my heart to see this taking place. The place was just wiped out as if it never existed. As I was rewriting this section, I remembered I planted a peach seed in the area by the doorway at 807, where we lived, when I was about 6 years old. I then recalled I went back there in my 30's maybe and saw there was a tree near the same location. I never got back to see if it was a peach tree or not. That is something I would like to know. I learned a lot about who GOD was and how HE impacted peoples lives in that place. I shall never forget the memories, families, and the lives that were lived in that place.

The Hill District is an historical place where so much of the United States benefited from this section of the city. At its peak, it was one of the most popular places to go for arts and enjoyment the city has ever known. Many World Renowned artists came to and from the Hill. Yet, has there been any acknowledgements to its popularity and attraction to the city? The Hill should be one of the most revitalized sections of the city. I thought maybe because it is still predominantly Black is the reason why it is taking so long. I have since learned that everything has a proper time, and this year, the Hill's time has come. I was born on Fulton Street, which was cleared away for the building of Mellon Arena. Because of Pittsburgh's disregard of the Black community, Freedom Corner has had an effect on my life as well.

After we moved from Whiteside Road to Bentley Drive in 1963, I was involved in many other activities such as Boy Scouts, with Mr. Seay and Jimmy Armstrong. Many groups were non-violent, and all had a knucklehead who would try and cause trouble. That does not mean that I was not involved with rough groups, but I had my share. After my brother John died, while in 7<sup>th</sup> grade, I began removing myself from most groups and did a lot of traveling on bicycle around to different parts of the city. I was also a part of a scholars program, where I spent the summer at Shadyside Academy in Fox Chapel in 1970.

Playing football was my release from frustration and my first set of weightlifting equipment was at the age of 13. At the age of 14, I was playing for the Half-Way Art Gallery Semi-Pro Football team. They were unlimited weight and I was about 135 pounds soaking wet. That same year I started left offensive guard and right defensive tackle with Fifth Avenue High

School Archers Football Junior Varsity Team. I think I was the second smallest person on the team besides Nate. We had a powerful team with quarterback Gerald “Squirrel” Parker and running back Rickey Dixon to name a few. Unfortunately my family moved to Penn Hills that fall and I was not able to continue the season.

Due to the loss of my right index finger in 1976, which I call my “bi-centennial tribute”, I was not eligible for the military. I had not known until now that it was my qualification for a more excellent Army. I am a warrior against true American terrorism, which is the purpose of this revelation. I am fighting for truth, justice and righteousness. My goal is for the advancement of the Kingdom of GOD on the earth. What I like about the Kingdom of GOD, which is what Jesus taught, is that there are no racial issues or concerns, just justice and equality for everyone with signs and wonders of HIS power confirming HIS approval. Muslims also agree that Jesus was a great prophet. Religion has no part in the Kingdom mindset, because the King sets the rules, not religion. These rules were also the same guidelines for our Nation. Remember what it says in the prayer, “Thy Kingdom come, Thy will be done, on earth as it is in Heaven.” If you believe it, show it. Our government is supposed to enforce these rules, not manipulate them to fit its agenda. Better still, what is your idea of heaven? Now, match it with GOD’s view, which states it will be on Earth. Even after we leave, we are coming back!

## **High School Comparisons**

The contrast of racial issues in Penn Hills was very eye opening. The school system, which was supposed to be “better”, was geared more for success for the White students rather than equal. Which meant, “If you try to be like us, we might accept you if we like you.” In an environment of White students, because of the “setup” or “stacking the deck” for white students to succeed, any major help for Blacks was almost out of the question. Although it was available, it seemed more of assimilation than a learning aid. Much of this was environmental as well. There were teachers and students that had a true heart for equality, but it was not what was really wanted by key people. It seems as though we were just tolerated by most. Even though there were some who were “real”, others were not. It often puzzled me when Black History became available that it was an option, not a requirement. Another thing that had happened was in English or History, as I questioned a teacher about what was taught, I was told we are graded by what we comprehend, which does not mean it is true. This is a very subtle form of manipulation. I now realized why that thought stayed with me for so long.

As far as the differences in companions, there were specifics in the treatments I have received from Lincoln Park and Longview, the plan where I lived. Longview consisted of Ben Franklin, the Firehall and “the Boys”. I would say out of all the groups I’ve been involved in, “the Boys” were the best and most genuine of all. It was mostly because of their acceptance of anyone, the drug-free partying and the nature of the honest race-related questions. This is not to discredit any of my other friends or groups, whom I have become very close to. But from a long-range advantage point, they had it “going on” and would support you with wisdom or strength as well. The best experience I’ve had with the combining of the races was with the Penn Hills Pythons Semi-Pro Football Team. Even with our attitudes, we learned to work together and function as a unit, where everyone and their families were involved. Just like in a family, when we screwed up

we gave and received a lot of forgiveness. My highest respect goes out to the coaching staff and to Tony Lewis, Mr. Weston and Tom Coles to name a few. We were the exact representation of the “Mean Machine” from the original “The Longest Yard” movie, and we had big fun! It was the best and the worst in us learning to come to terms within ourselves, and most of us had realized that. We were not perfect, yet we had the same purpose: to carry a “BIG stick” and have big fun!

I have been very fortunate and privileged to be able to meet very assumingly prejudiced people and become good friends with them, both Black and White. I have found that most prejudices are from deception, assumptions and misunderstandings and mostly by what we have been taught in the school systems, the media and by family members. It was actually an honor to dispose of some of the lies and deceptions imposed from various sources.

## **The Awakening**

In culminating my experiences relating to life in Penn Hills, my “awakening” came between 1995 and 2006. During this time I sought to enhance my skills and provide for my family. Little did I know that those, whom I was supposed to trust, were completely undermining all my attempts of being successful. Unbeknownst to me, I was being setup to fail and to be enslaved by the “Black Codes” mentality. Had it not been for the actual thoughts and mindset of these people, I would not have the proper experience to effectively relay this part of the revelation, which has been given me. I have been given the compassion for them because of the deception and training everyone has received since childhood. Also, because of this revelation, I can better understand why many people have thought the way they have. The problem is many chose to act on what they are taught even though we all have a choice to do what is right. This is the result of having the blessings or curses passed down through the family lineage. It is not a hard thing to find out the proper way to live and treat each other.

In 1995, I received another miraculous healing of a major back injury, which lasted 9 years. The injury occurred at Children’s Hospital of Pittsburgh, where I was a Floor Refinisher. There I met Jim Donch. I would have to say that he was a true friend no matter what would happen, he was always in full support. R.I.P.

The injury caused my upper & lower back muscles to spasm, which was caused by the air conditioning system. This caused excruciating pain in the tailbone, whereby the coccyx was pulled backwards, forcing the sacrum forward. This resulted in a severe center-midline hernia in the L5 disc. This is where I first encountered the orthopedic physician I was told to see. Because of his lack of attention and improper diagnosis, there were no x-rays or other means of diagnosing the problem taken outside of feeling the muscles themselves. He was also upset because I was unable to take the sulphur-based medications he had given me. Most people know when someone does not like you and his intentions were very clear. I have met people like him many times.

One month after the work injury, I obtained another injury by the therapist. As I told her I was seeing a chiropractor, she decided to do a chiropractic maneuver of her own. While laying on my back, she had her assistant lay on my chest to keep me still while she yanked my legs to the side from a bent position with one leg over the other. When she forced the legs down, this cause

the muscle spasm to strain on the right side of my back. The sound of my surprise and pain was heard throughout the facility. This caused the herniation to spread to the left side of the disc. This happened in December of 1986, a few days before Christmas. The crippling tailbone instability lasted 9 years. Again, I sought a medical malpractice attorney, to see what could come of this. With Pittsburgh staying true to its hidden policies, I was not to receive anything other than the torture of 9 years of spine twisting agony on public assistance. I have now come to understand that it is the nature of the beast. I do thank GOD for Dr. Gary Stover, D.C., who was able to reposition my tailbone properly so I would be able to walk and stand upright. He was the trainer for the Python Football team. With all the evidence I had, the attorney was still unwilling to make a case. In turn, just the thought of the slightest bit of evidence against a Black man would possibly have him stripped of his business until proven innocent, thanks to the power of the Black Codes.

During the end of that time, it had not struck me yet as to why the Pittsburgh surgeons sent me to Cleveland for the operation. Just before the injury, a co-worker named Mike, told me that doctors have know idea what to do for any low back injury that does not involve the nerves. I thought their incompetence played a part in the prolonging of the injury, or was it? How many other Blacks have been crippled by this type of behavior. Stew, the hospital's attorney, also knowingly cheated me in the settlement. Pittsburgh is a city filled with wicked and greedy people in high places who have adjusted GOD and atheism to suit their way of life, including Jews who are supposed to be "the example" of a Godly lifestyle, not just for the principals of success.

You would think there would be laws that would be enforced against this type of cruelty. The key word here is "enforced". There are a lot of wicked people in prominent places of trust. If elected government officials are to serve the people, the question is which people are they serving? For instance, I noticed, in a CBS television commercial for the November election, an opponent was cast as a person of deceptive moral values with a picture of an angry-looking Black youth beside him to enforce fear and distrust. What other reason would the youth's picture be there for outside of projecting distrust and evil when the candidate was White? You may recall the commercial. It seems in Pittsburgh, the Black Codes are enforced before any other resolution comes to the table. If the code can be implemented, it will be. I am pleased to say the negative ad failed. If there are laws against legally and illegally torturing someone, who do you get to enforce them? Had it not been for knowing GOD, I would be another statistic and trophy for the people HE calls "the Destroyers", whose history is filled with torture, mutilations and other such gross and vile misconduct towards life and the living.

This information is to inform people of the "Egyptian Judgment of bondage", in Genesis 15:13,14 and Acts 7:6,7, and the "Break the Black Man" mentality has come to an end. Just as justice will prevail, the wickedness of how this was made possible and sustained is being revealed. The Spirit of GOD revealed to me these last 15 years, to show me the cunning, wicked and craftiness of what has happen to the sons of Ham by the sons of Japheth. Four hundred years is a long time to be punished, but GOD's purposes and plans will be completed. The Black Race is the sons of Ham, yet the Bible uses the Egyptians because of their pride, world supremacy and arrogance among the nations. It is time for true freedom to come. Not just between Black and White people, but for every person living today. The wealth is in the "knowing" and all men are blessed by GOD for a purpose. There are 7 key positions that have kept this in place. They have

been training people in evil, selfishness and ignorance far to long for good people not to stand against it. In Pittsburgh, and across the nation, the majority had ruled, "A white lie is the right lie!" This has come to an end.

I have been sustained by a strong spiritual heritage passed on from my mother's mother. This, along with the accomplishments of my family, has kept me going. My father, John Henry, was the first Black Steamfitter, my mother was the Candy-Striper nurse in the center of the Jonas Salk Polio vaccine news reel and Press release, my sister Rhonda was the first Black female bus driver in Port Authority and myself as the first Black Fireman in Penn Hills, along with Joe Sipes. These were all precursors, as well as the last 60 years of Blacks becoming mainstream, to this momentous event. Notice how it corresponds to Israel becoming a nation again, it is not a coincidence.

In learning all this information, I have also come to learn of my maternal Native American heritage of the Lenni Lenape Indians of the Beaver River area, which is still in process. In following their history, it has been revealed that they have come from the New Castle Area to Pittsburgh for the purposes of what we would call a Christian mission's opportunity, which has been noted in the history of the First Presbyterian Church on 6<sup>th</sup> Avenue. The people at that time were surprised at the English the Natives have grasped and their knowledge of the Bible's purpose. As they settled down the Ohio at the Beaver River, they were later slaughtered by a group of vigilantes from the Washington, Greene county areas. The particular villages were of all squaws, who set themselves aside for Christ, like nuns, and a community of elderly people. I met a friend who shared with me her family's part in protecting runaway slaves at Twin Lakes and the incident at Vance Fort, which prompted the slaughter. The fort is located between Cross Creek and Burgettstown. I also have close friends who have a "Gospel Jam" every year in the same area. Meeting these people was not a coincidence as well. You would be amazed if you found out what GOD has for you to do.

## WAKE UP Pittsburgh!

Ah Pittsburgh, the city of champions. What lies at the heart of your existence? Pride? Evil? Corruption? Manipulation? Destruction? Or the “Heart of GOD” for our nation, which includes reconciliation and forgiveness? I offer this to everyone for wisdom and revelation to the nations and families. This is to include the reconciliation of our divine purpose here on Earth, at this time in history. The “Heart of GOD” is Truth, Justice and Righteousness for all people.

On December 12<sup>th</sup>, 2007, I heard the word that Pittsburgh will celebrate its 250<sup>th</sup> anniversary next year. The following morning, I heard Hines Ward is declaring bankruptcy for his part ownership in a Southside bar and a postman is being indicted for holding or hiding their mail. Pittsburgh, the most livable place for whom? During this same time, for the past month, I have been awakened with the impressions of being manipulated into signing away my rights to my present crippling injury inflicted at work and by another supposedly treating physician. At the same doctor’s office that stole my MRI films. How is it that 6 doctors say there is nothing wrong, one changes his mind and then tells me to go to see the boss of the office where my trust was broken because he was not going to do anything? The doctor who changed his mind was the same one whom I was assigned to by my “One click, that quick” attorneys, who promises his unending, dedicated service, and his acknowledgements from the PA BAR. I had at the least 5 very easy cases, including Social Security Disability where the doctor agreed with my disability. Then, as my so-called attorneys told me there was nothing they could do, and they told me to go to the same doctor’s boss, where the theft and manipulation occurred. Four years have passed, and my left wrist joints are still detached. Now they want to attach hands on a woman who has lost them from a disease, which I pray for their success. Pittsburgh, you look so great on the outside.

Wake up Pittsburgh! The alternative form of lynching has been crippling and denying Black people proper medical treatment, incarceration, deception in history, judicial & media manipulation. Even as I went to file a report to Penn Hills Police of what had taken place at work, which was deliberate, the report was never filed. Where and who are the real people you can trust? Where are the professionals that will uphold the ethics code they vowed? How about the commissions that vow to uphold these people to their standards? Or is it just to chosen individuals or race or friendships? Where are the real attorneys who stand for truth and justice? Especially the Jewish or Christian attorneys who, supposedly, place their GOD above all they do, or is it just for convenience, evil and greed that the two are separated? A very convenient faith if it only applies to certain people and personal preference. What happened to the professionals that honor truth & justice or GOD? If I had no idea or even a little glimpse of whom the real GOD is, I would be an atheist and despise whom these so-called people represent. I come from a strong spiritual heritage and, for some reason, have been chosen to reveal these things. My experience is in being one who has had miraculous healings, coherently experiencing death more than once and lynched in various ways, which is the format of the truth to this story.

Forcing religion on anyone STINKS! How can I say that? I say that because I have learned it is a form of belief that only satisfies who a person is and how they want to worship. It can also be changed to suit the person’s personal views and train people to view things the same way to be “like-minded”. How do I know? I used to be one of them and I didn’t like it. Even the people I

know who call what I say and do “Sacriligious” are religious in purpose, but not by nature. Our nature is to fill a “spiritual void” left in us that can only be filled by the Spirit of GOD. It is actually HIS mark in us so we would desire to be HIS (Israel). My beliefs are that of a Charismatic-Pentecostal, because of the evidences of Holy Spirit giftings, and my faith is in the Messiah, Yeshua/Jesus. I have no right to force my beliefs on anyone, yet my faith and actions speak for itself. That is neither to say my faith background is better, just that it suits the way I was made and has been proven to me. Everyone is created to function differently, just as all body parts function differently. Yet, we still have only one unified body, of many parts. Anyone with any sort of common sense knows whether what he or she is doing is right or not, even before they do it. To have a rule or guideline to justify what they do, when being wrong, is religion and not relational. To me, religion is actually a form of repeated ritual practiced by anyone. We just refer it to a god of our choosing. People like this used to leave church functions for death rides and lynchings. This is what many called a “Picnic”, where they would go and “pick” a “Nic” (short for the N-word) to hang or abuse for fun, and made postcards of the events. Pittsburgh, after 250 years, you still haven’t changed much. What are you going to do now?

## **In Good Times**

Every holiday and sporting events, people in this city come together in miraculous ways of unity. Supporting each other, giving and sharing. But that only lasts for a moment. I only became fully aware of the nature of the “White Race” when I sought GOD for help and answers. This is not everybody, yet because it was hidden and left to prosper, many who knew the actions were wrong, joined in by doing nothing and letting the injustices continue. To those of you who are a party of this, I ask will you still stand around and do nothing? What is worse is to ask GOD for help and favor, knowing you are not doing what HE commands. Even General Stonewall Jackson knew GOD had enslaved Blacks for a reason. He may not have known why, but he did know. As he supported his slaves and began schooling them, against Virginia State law, he was killed by friendly fire. Coincidence?

It is not hard to see why Blacks can be very leery of Whites and, by nature, vice-versa. The issue of mistrust has been injected into both genres and others to make Blacks look bad, evil and untrustworthy. While all along, it is the White agenda to manipulate how we see each other. This has been spread all over America and indoctrinated via our public educational system. Teaching the subliminal destruction of Black people and manipulating the importance and superiority of being White. So, whom can you trust? Trust GOD! If you don’t know HIM personally, follow or do what HE says. Believing and doing are two different things. I only came to a better understanding of who we are when I read how HE called the sons of Japheth, which are the Europeans, the “Destroyers from the North” and “Worst of the Gentiles” in the books of Jeremiah 2-5 and Ezekiel 7. If the Bible was written in the Middle Eastern regions and the promises to Ham and Shem have already been fulfilled, Japheth is left and his descendants were “North” of the Holy Land. The only way people are given wisdom and revelation is by GOD alone. White people are not the evolutionary supreme beings, they are just the result of a promise made by GOD to be fruitful, multiply and fill the Earth in Genesis chapter 9, or the first book of the Torah if you prefer. Also, those whom GOD has given control to reign, at this time, has the nature to make the world as it was in Noah’s day. This is why HE destroyed the world by the Flood, which

is backed by scientific fact and geographical areas all over the Earth. If HE can make a donkey talk, HE can do anything! The kicker is that many people think hell is not real or we are living in it now. Wake Up Pittsburgh, wake up America. There are too many documented proofs showing different. Science and physics are constantly proving what was written in the Bible is true. Not to utilize this book of history and facts promotes ignorance.

With each passing week, more and more information is being released about racism and injustice, which gets very carefully written copy to announce during the local news. While mostly “Anti-Christian” reports, fear and destruction get better coverage as long as GOD is being mocked and slandered, especially in the TV sitcoms, news and specials. There is too much money in media and everybody wants to get the “CASH” because we have been taught to make a living looking out for ourselves and money is the “key” to success. Will the real GOD fearing, honest and righteous people ever arise in this city? State? Nation? Even those who believe in truth and equality due every person born, who may not believe in this same GOD, yet know and should abide by the principal laws of our nation. Yes, there is still evil in all races, but there is only One GOD who makes the difference in life and death. HE cannot do anything unless we do something. HE has already completed HIS part and now it is time to “Heal the Land.” The problem is whoever really believes and follows HIM having to do their part. The Ten Commandments are a perfect example. The 5<sup>th</sup> verse clearly states that disobeying these will cause a curse down to your great-grandchildren. I have been a victim of these curses and have seen them happen in the lives of people’s offspring. This includes them not even realizing it. But not to mention the cursing or blessings, and then removing them from school and our society only speaks of evil and deception, but for whom and towards whom? Our educational system has made fools of people and destroyed many lives one way or another. These values and commands MUST be return back into the educational system so people will have right information to make proper choices in life. You can already see what moral ignorance has accomplished. GOD will get someone to do it.

So, why do people blame GOD if they are not doing what they are supposed to do? I found the answer in the Bible book of Hosea chapter 4 verse 6. It states that we are destroying ourselves by lack of knowledge, and because of this fact, GOD will turn HIS back on us AND our children. Read it for yourself. Even though we may have the knowledge, wisdom knows how to use this knowledge. Wisdom and revelation only comes from GOD and are two of the 7 Spirits of GOD. Read it for yourself from the richest man who every lived. One book is called Proverbs, written by king Solomon, son of a Black woman. A chapter or a few verses a day is a very good start for those who care about their children and want to know how to live. There is also the Book of Ecclesiastes, which you don’t have to be religious to understand the practicality and beauty which life should be. King Solomon wrote it as well, after he came to his senses and saw the destruction of his life from being self-centered and egotistical. During his times of loose living and foolishness, he had become the fool in which he spoke of in Ecclesiastes. In wealth or poverty there is no difference than what is happening now. Read the book for yourself and become a real success story. Reading it does not make you religious; it is your interpretation that you have to watch. Many wealthy people use it for a successful life, for good and bad. Why not try it?

## Who Is Jacob, Who Is Israel?

This Thanksgiving week of 2008, as I have been coming down to the wire as to finishing this 1<sup>st</sup> book in a series of four, the Spirit of GOD kept bringing to my attention the question, “Who is Jacob and who is Israel?” From all the research HE has given me and the places HE has directed me, it has become very apparent what HE is saying. Jacob are those who claim to be HIS and live, breathe and move in deception for their own gain. Israel are those who struggle and latch on to HIM to find out what HE wants and who HE is. They are verbs or action words. I have always wondered why the Bible spoke of GOD calling them by separate names. HE placed the question in me to show HE could give me the answer at the right time, if I asked. HE can do that and does for those who want to know the truth or “Israel”. Generally the “Jacobs” will take out of it what benefits them. The remainders are just blind due to various reasons and circumstances, including some by parental choice and family heritage.

In seeing this in reference to Pittsburgh, it is becoming clearer with each level of understanding. Just as Jim Roddey spoke of the “Domino Effect” in the Post-Gazette article called “Referendum Conundrum” dated August 10, 2008, we are learning more of the things GOD is doing as each wall begins to come down. One of the walls in particular is the wall of denominationalism. For instance, a few years ago, there was a huge event scheduled north of Pittsburgh. Many top Christian artists came for a weekend revival concert series. The anticipation was that of different stages setup for the artists, which would have multiple teams praising at once. They were anticipating something similar to the Cane Ridge and other revivals that broke out during the Great Awakening period in America. The turnout was very disappointing. About 100 people showed up. I had heard about this from members of my motorcycle group Redeemed Riders of Pittsburgh (Christian Motorcycle Assoc.), who were asked to help with security.

As I sought information on the Great Awakening, I came to the introduction from the Bob Jones University Press website, which states:

“By the early 1700s, the New England colonists forsook their Pilgrim heritage and desire for religious freedom and instead pursued material success. In the midst of this spiritual deadness, God intervened and effected a drastic change—the Great Awakening. Beginning with the preaching of Jonathan Edwards and continuing through the travels of George Whitefield, the Great Awakening redirected the colonists' concerns toward their spiritual state. Genuine religious fervor replaced the former passivity, and many colonists, recognizing for the first time their personal guilt and need of salvation, repented of their sins and dedicated their lives to the service of God.

*The Great Awakening* documentary chronicles the radical spiritual transition through dramatic characterizations, images, and personal interviews. While educating about the historical details of this time, *The Great Awakening* portrays the lasting and spiritual changes that took place in the 1700s and presents the need for a personal awakening today.”

What stood out to me was something, which is so evident in Pittsburgh, about the desire to seek “material wealth” rather than the Pilgrim heritage. This was not only the Pilgrim’s heritage, but also that for our nation as well. We are only a great nation by GOD’s permission and promise.

It has come to my attention that America is teaching in public schools about giving thanks to the Native Americans for Thanksgiving. As we now understand, it is giving thanks to the GOD of the Bible, at least in some homes. By the time the children get older, GOD will be completely out of the picture outside of small underground meetings in secret. That has not happened here yet, but it will surely happen. In essence, the Native American population has been fighting terrorism since 1492, which can clearly be seen that it was very unsuccessful. (In recalling all the shows and movies growing up, the Indians were always “savages”, except for Tonto. Why was that?) I cannot recall praying in school or learning the Bible or any of its understanding in grade school. I believe I am of the first generation to have the effects of prayer removed from school by a Pittsburgh Beechview native Madeline Murray O’Hair. It amazes me how one woman can get prayer completely removed from school, yet civil rights are still being fought for to this day. Her obsession came to a gruesome ending for herself and her family members. I began First Grade in 1961, prayer was taken out in 1962. The following year, I have come to understand the Bible was removed as well in 1963. It is easy to see how we have become a “Godless society”, because GOD has been removed, placed under control and watered down by religion throughout our nation. How do we become and stand on being one nation under GOD if HIS instructions are not taught in our elementary school system? Is our nation under a “Jacob” calling, which is deception, greed and moving away from GOD with a form of religion, or an “Israel” calling, which is earnestly seeking the Creator that this nation was founded upon? Selah (which means stop and think on these things). How can any loving parents deliberately curse their children by defying GOD, like Madeline? Stupid is as stupid does, and we have been a stupid nation.

## Correlations

### Chanukah and Christmas, Passover and Resurrection Sunday (or Easter)

As I look back at what the holidays mean and how they are setup, I can only see how GOD / JHVH (pronounced “Yah-weh”) has set it up to correspond with one another. The New Testament does not cancel out the Old Testament (testaments are covenants), it reveals what was hidden in it. We have been deceived into believing only White people are Jewish. Jewish people are in “ALL” nationalities. Before Christ or B.C., people of color reigned and were empowered by GOD. They are now removing “B.C.” from the textbooks in another attempt to wipe Jesus, or references to GOD, out of the mainstream. It is not a hard thing to do because many people had no idea what B.C. stood for anyway. You learn of the Holocaust and what it accomplished, yet you see many of their descendants doing the same to others because they have become like their offenders. Bible scholars and church folk talk of not being like the Egyptians and abstaining from worldly things, yet, unless you speak the truth, you are like the world. Black in the Egyptian reign and White in the European reign. To think anyone is better than anyone else is the most arrogant form of deception. We rise above situations via knowledge and understanding. We are better than no one, and can be in any given position in the blink of an eye. A perfect example is the fall of the Stock Market, exactly 7 years to the week after “911”. Pittsburgh, there is an odor coming from you that does not smell good at all. Yet, there is a fragrance and a spring arising from a hidden source, which is pure & holy and surrounded in judgment & mercy. It is the River of GOD, which is breaking out upon the city. In reference, it is like the heyday of the Steel Mills with the smells and pollution. The outer appearance has been cleaned up, now for the inner parts.

There is a visual sign that GOD has given with the emergence of the focus on Africa and the assistance given to it. Because this “Judgment” is completed, the nations of Africa are being moved into the positions of freedom and interaction with the world. I had the opportunity to attend Pitt’s African Music & Dance Ensemble, which a great friend of mine was a participant. I was amazed and truly blessed (deeply touched) by the desire and number of White students who were sincerely interested and enjoying the demonstration of the African culture. This also included The Miller African-Centered Academy from the Hill District performing as well. Also, the Italian Prime Minister just recently acknowledged Italy’s behavior during the early to mid 1900’s and agreed to repay Libya reparations for their intrusion and the destruction placed on the North African country. Even the acknowledgements of our government to the problems there are being addressed. Sure, many people will try and make an excuse for what is happening, but they will never be able to use that same excuse to justify what GOD is revealing all around the world. We are too smart of a society and there is TOO MUCH information to obtain which will tell of the marvelous glory of the Living GOD, who became human to be an example of what to do. Jesus or Yeshua gave life and showed how to get it. HE also used all the instances in the Bible, which science is continually proving they are true accounts. It is a shame that the people HE chose did not believe Him either, just as many will choose not to believe even now.

## **White Brothers, Wake UP!**

The only way you will be able to understand the habits and patterns of the European lineage is to see it from a true historic prospective. This is not true with all the descendants, as there are many who stand for truth and justice and reap from those benefits. Yet, you can clearly see the traits and family resemblances. I will begin with basic historical accounts in general. This is not meant to be a teaching tool, but an eye opening and re-awakening of how this history has unfolded. If you align yourself with the way the “world” or “society” thinks and portrays itself, you are aligning yourself with the “Destroyers” in this reign. Even worse still, GOD calls them the “worst of the gentiles,” and church folk call it Egypt. Do you think you can say “do not be like the Europeans” and get away with it in church vernacular? This was another form of subliminal seduction. It is written, “Man looks at the outward appearance, but GOD looks at the heart.”

All throughout European history, there have been gruesome wars and mutilations. This destruction of life has brought on a “spirit of death” in the European heritage. Serial killers, suicides, severe anger issues, the urge to kill or destroy life and mass murderers, to name a few, are all symptoms of this spirit passing through generations. The medical field proves it by asking for “Family history.” The Bible calls it “familiar spirits” and also tells how it destroys health and life. It is also interesting that war has been over the same GOD. For instance, Protestants fighting Catholics was based on religion. Religion has nothing to do with GOD it only deals with control. It is actually a “controlling spirit”. The Christian Crusades were a way to forcefully take over nations with the excuse of spreading the gospel. These crusades also forced people to live like the invaders. Isn't this what we call terrorism and assimilation? But what or whose agenda was being spread? We are complaining about Muslims coming to America and teaching their beliefs in schools, yet it shows that America's immoral behavior needs to be dealt with. In the Ancient History files, the Old Testament, GOD had made specific commands for a reason. This reason was to setup HIS domain on Earth. We are a “Nation under GOD” and HIS Commandments are the foundation of this nation and should be taught in schools across the nation.

Just as in Noah's Ark, Noah was obedient to GOD, his sons, which were mentioned and helped, received the benefits. They were blessed and kept alive because of what he did by faith, not just because of what they did. Take note of this people, when you manipulate what GOD says, you create your own image of GOD. This breaks the second commandment and HE doesn't have to protect your children. Don't blame HIM. The Hebrews have done this all throughout history, and you see the consequences. Yet, in spite of it all, GOD said HIS people would prevail, only because HE is in everything. Once again, Jews ARE NOT White people, although there are White Jews. GOD's people are in every tribe, language and nation. The Hebrew people are used as an example to how GOD blesses and curses, as history has revealed in their lives. Now many want to be like the worst of the bunch. In addition to this, there is no Jewish lineage of Japheth recorded in the Old Testament or Gospels.

In still seeking out information and more revelation, I had come across the explanation of the “shame” of the world empires the Bible speaks about in Jeremiah. The shame factor is found in Isaiah chapter 45. It states that the shame is all those who put themselves against the living GOD / JHVH.

## **The Judgment is Over: The Black Man Is Free**

Now is the time that GOD has appointed that the sons of Ham are to be free! This comes from the actions of the ancestors of the Black man ruling the world, at that time, and enslaving the Hebrews. Just as the sons of Japheth are those of European decent, the sons of Ham are those of the original Egyptian lineage or what we call Africa. The 700 Club has a documentary called "First Landing", which GOD used to begin the 400-year Judgment. This fits into the Hebrew "Full Circle Of Life" year of 5768 (2007-2008). People Magazine's March 2007 issue had an article about a family who had been enslaved until 1963. The history we have been taught has all been manipulated in the elementary and high school textbooks to diminish the abilities and accomplishments of Black people and promote Whites as the superior race. This is the basic springboard evolution. This is the most ridiculous belief system of all, yet highly accepted because of the implication of superiority and the ability to twist the creation story to make this fantasy seem true. It puzzles me that many church folk think it is true as well. It enforces the "minority" class, which is how the "bondage" could still be sustained after the first 200 years. Deceptive Black history removed hope and a foundation for many to stand on, which was a prelude to failure. Now, we have a Black man elected President. This also began 2007 with 2 Black Pro Football coaches in the Super Bowl and one played for Pittsburgh. To some this is no big deal. Yet, it was rare to see a Black person on television some 45 years ago. GOD is amazing and true to HIS word!

Bill Moyers had an interview with a Theological professor from Union Theological Seminary. His name is Dr. James Cone. They have a PBS special that can be viewed from the website at [www.PBS.org](http://www.PBS.org). It is a very powerful message and it brings to light the American dilemma on the race issue. The truth is Whites do not want their dirty laundry aired, yet it is a strong part of our history and the revelation, which has been revealed to me to share, explaining what has happened, and why. He calls his approach "The Cross & The Lynching Tree". He tells how the Blacks can view the cross and lynching in the same light, they were both torturous avenues of a destructive people whom GOD made a promise to because of Noah's obedience. A promise HE had to keep, because HE cannot lie.

It's amazing how people want to remove Black history from society and replace it with something acceptable to what they can be comfortable with. Once the truth is told, the lies and deception will be revealed. Then we can be a strong and powerful nation of unity and trust. We can return to be a real nation under the real Creator of all things; undivided, including liberty and justice for all. Following the information flow, you will be amazed at how we were manipulated. Yet, what GOD reveals, HE also heals. It is also no coincidence that many states are apologizing for slavery.

Just as President Elect Obama is utilizing people from all walks and parties to fill his newly elected position, we need to come together as well, to unite and get our country's original purpose implemented. He is using Abraham Lincoln's history to assist him in his office. For those who feel very insecure about a Black man leading the nation, there was another famous Black man that has been whitewashed so it would be easier to follow what he said. This was none other than the Apostle Paul of the New Testament. If we have to live life in truth, the real Bible

scholars should begin to teach the truth as well, which means the absence of Japheth in the patriarch's lineage. Joseph, when he became Pharaoh's best, married an Egyptian priest's daughter. Freedom comes through education by presenting facts and revelation. Choosing to be ignorant destroys your future and will probably destroy your children's future as well. Just as the Ohio River was called "The River Jordan" for slaves fleeing the south during the Civil War, Pittsburgh must be at the forefront of setting the example for the rest of the world. America's "Jordan River" begins here!

It still amazes me how GOD has restored the Black man and placed him at the head of the most powerful and freedom-oriented nation in the world. Only those with a "terrorist" mindset in America will seek to undermine what our country will be doing in the years to come. Knowing this will give you an idea of how terrorism works in the Middle Eastern nations. This is what has been happening in America since its inception. GOD has given the world a taste of HIS "Shock & Awe". On my website [www.CatchTheWave-Pgh.com](http://www.CatchTheWave-Pgh.com), I have a story of what GOD showed me at Point State Park. The article is called "Fire at The Point". The pictures are amazing. So much so, that it had the terrorist task force watching the fire display, while watching me. I was told of that as well as many other things. You cannot hide from GOD, and if you ask and listen, HE will tell you things.

## **Restoring Black Pittsburgh**

Upon recently attending the November 2008 State of Black Pittsburgh Town Hall Meeting at Carnegie Mellon University, it was very clear that all the necessary components were in place to remove the injustice done by the various deceptions and implement an avenue of change. The only missing part is the people connecting with the youth and communities to see that the opportunities are being properly instituted with everyone having access to them.

We have all come under the control of an "illusion" of what life and society is supposed to be. For example, Tony Brown, who was one of the key speakers at the meeting, used the illusion of the sunrise and sunset. The sun never rises, nor does it set. It only seems that way because of the Earth turning on its axis. Even though we know about its spinning, we still go by the way of each day, which the sun rises and sets. So is the same scenario of the judgment GOD has placed on the sons of Ham, being implemented by the arrogance of the Egyptian superpower. If you read the book, you will find there is no difference in the treatment between the Hebrews and Blacks. The judgment began in 1607, at a specific time, and has continued until 2007/08, which the Hebrew year begins in September. It is also no coincidence that records of slaves being registered and bought in Pittsburgh have been found last year. Imagine that? They are one of the displays the Senator John Heinz History Museum calls "Free At Last", which runs until April 5<sup>th</sup>, 2009 so far.

It was amazing as what was showed to me about the last 60 years. This was the same timeframe as Israel becoming a nation again. Many different strides broke through in Israel and the freedom of Blacks in America. This includes the metamorphosis of the various slavery and lynching techniques used to maintain the oppression. The key issue here is GOD's timing. Although many things have occurred, which we want to blame GOD for, we cannot deny that HE will carry out HIS judgments on those who rebel against what HE "commands". Forty years after

Dr. King's death, Black people are finally feeling a true sense of freedom. Not just in America, but the world has a renewed sense of America being the land of hopes and dreams. Many people are against a Black president. Yet, with GOD's humor, HE had almost everyone in America of all races praying. HE also began the largest youth movement to get HIS will done, on Earth, as it is in Heaven. This mass prayer cry was not just for the election, but for the Wall Street collapse as well. History was made in more ways than we could ever imagine and HE used non-believers to get HIS purpose accomplished as well.

Pittsburgh has implemented a system designed to replace the injustice and violent acts directed towards the Black communities. The Urban League of Pittsburgh, Coalition Against Violence and the Innovation Clinic at the University of Pittsburgh Graduate School of Public & International Affairs are just a few possible places to begin to get information to restoring this city back to the way our Constitution has mandated our country to be. As good as having this information available is, the facts are that the educational system has to be changed by what is taught in the Elementary and High school curriculum, where the discouragement begins for Black youth. The injection of history being taught using a form of racism to implement the superiority of a European dominance throughout all history is the subliminal deterrent to proper self-esteem and respect to all our non-European children. This coupled with the myth of Evolution has mentally destabilized families. It is clear to see in hindsight that this was a very effective tool in creating and maintaining the oppression, which the Bible clearly outlines.

Another additional bonus I received was attending the National Biker Roundup at the Westmoreland County Fairgrounds in August of this year. The confirmation of what GOD was doing was in the Roundup Pendant. It was the Liberty Bell, the symbol of freedom known around the world, with red, black and green stripes, signifying Africa. With all the various groups present and law enforcement ready for a lot of trouble, because of the stereotyping, there was only one instance that was dealt with immediately. All went very well. There were quite a few humorous comments that came from the locals, who had never saw so many Black bikers before. Some of the bikers were questioned as to how they got their motorcycles, which were beautifully customized and very unique. It often tickles me at how we have been conditioned to view things.

So, let the truth be told and the stories unfold so our children will grow strong, healthy and equal as all mankind has the right to be. To GOD be the glory forever. To have a kingdom, you need a king.

## Pittsburgh's History & Curses

Why is Pittsburgh so significant? Why has this place been chosen for this release? Why is it so important, that this city reveal these things? It is because of GOD's choice and nature to do things as HE desires. Pittsburgh is a place where four rivers meet, as in the Garden of Eden in the book of Genesis, a "New Beginning." Also, again, it is the beginning of the Ohio River, which was known as "The River Jordan" for the slaves who sought to be free. Little did we know that the freedom would not truly come until the end of the 400-year Judgment.

As I attended my first viewing of the exhibit December 23rd, my companions told me of how they called these slaves "Indentured Servants." As I looked at the registry, it gave the person's name, age and the time they will be free. The people were only months old and they would be slaves until their mid to late 20's. Slavery is slavery, no matter how you try and dress it up. Pittsburgh had slaves and I was told that the owners could trade them with southern slave owners, which meant their freedom was only conditional. The video documentary "Safe Harbor" tells of how Pittsburgh was a willing participant with southern slavery rights and laws. This being revealed only adds to the hidden mindset and the spirit behind this city. This was also the first time I got a chance to see the place where I was born, Fulton Street, as they were clearing it out to build the Mellon (Civic) Arena. If there had not been a stand taken at Freedom Corner, much more of the Hill District would have gone. It is very good to see the developments and community housing plans at this time. The exhibits are very interesting, and informative

### Politics

There are unique demographics that surround Pittsburgh that have been incorporated to make this place the perfect spot for GOD's glory. Pennsylvania is a Keystone (central supporting element) and Commonwealth state. The "Commonwealth" has an interesting note to it. Comprised of 2 words common and wealth. One of its definitions found at [websters-online-dictionary.org/Co/Commonwealth.html](http://websters-online-dictionary.org/Co/Commonwealth.html) is "a state founded on law by agreement of the people for the common good." The question is who's common good and what laws? If our constitution states, "...all men are created equal..." yet the law of slavery states that a Black man is considered 3/5's of a person, which one is true? Which one is upheld? Even though it was a part of the constitution in 1787, drawn in Philadelphia, the law was made moot by the 13<sup>th</sup> & 14<sup>th</sup> Amendments of the Constitution in 1865. It's amazing how it took 100 years to enact the right of Blacks to vote again in 1965, even though the law was passed in 1870 about voting privileges for everyone, including women. The end of the Civil War placed Blacks in the senate and other official capacities as well. These situations and strides have been stripped away by acts of terrorism. GOD resists the proud and gives grace to the humble. This revelation of Egyptian slavery is a perfect example of what HE does with pride and defiance, so look out!

The interesting issue here is that even though the law was passed over a century ago, the mindset was still in effect, disregarding the law. Such is the same that is happening today. Many Blacks are still viewed as 3/5<sup>th</sup> of a person and the arrogance continues. It is a mindset that has been passed through the generations, just as curses are passed. The worst of this is that many of

these same people regard themselves as “GOD-fearing”. The problem is they serve the wrong GOD. This is very prevalent among the Jewish population as well. Many would rather be associated with the ways of the religion and wicked, than demonstrate what the real people of GOD should exemplify. Again, religion STINKS!

It is time for the real GOD-fearing people to stand up and bring heaven to earth. If we don't, GOD will get someone else. It's amazing how so many had compassion and did very little. The effect we had as a “church” body was very ineffective because of the lack of unity. When I was sent to England in 2006, GOD showed me the reason why England conquered the world. It was through the “kingdom mindset.” Everyone and everything for the king. This is what religion had destroyed between the churches. Religion separated the churches by denominations and refused to join in the “Kingdom” mentality, which is the “good news” that Jesus spoke of and wants us to share. It is a matter of the heart and mind that needs to be dealt with. Just like any invention or creation, there is only one-way things will work properly, which is by the Creator's design. Who is your creator?

Over the past 3 years, I have had many opportunities to get this information out sooner but GOD would not allow it. Yet, there is always the proper time for these things to come out, the time for this is now, at Christmas. Even though I received the picture in January, its significance did not fully reveal itself until this September. Happy Birthday Pittsburgh, you have been chosen and given the opportunity to be the example to the world of HIS Kingdom and immutable laws. A true Christmas present for the nation!

By the way, what ever happened to celebrating the 100<sup>th</sup> Anniversary of the Abolition of Slavery in England this year and the Bi-Centennial of the Abolition of the Atlantic Slave Trade mention or celebration in America? There was none because it had metamorphosed into a different shape and form, which has now been exposed. Even though we had won the Revolutionary War, we have been subject to the British common wealth system. This system has also infected and undermined many nations and our government since Abraham Lincoln. Our freedom, at that time, was still an illusion.

## History of William Pitt

William Pitt, to put it mildly, was a rebel. His political life was that of opposing 2 kings of England and violently fought verbally in the House of Commons or Parliament, as we know it. He was a great communicator and opposed putting pressure on the American colonies. His colonial policy for America was ahead of his time. One of his main goals was to secure the rights and possessions of the British Crown against the Spanish and the French, especially in the area of the Point.

Just before his re-election to the Parliament in 1758, Pitt boasted of his claims that he was the only one who could save the American colonies from French occupation. Developing and having a well-equipped plan of action and choosing General John Forbes to lead this campaign awarded him with the naming of the fort and this city after him on November 27<sup>th</sup>, 1758.

The legacy of William Pitt, or otherwise known as Pitt the Elder, was one of a very clever businessman and minister of war. His family became wealthy in the trade in India and he was one who was for the preservation of the Empire's wealth system that was based on "Free Trade". This was the "buy low and sell high" strategy, which enslaved many non-European nations and supported slavery in the colonies and around the world as well. He was the first person to be placed in Parliament by the voice of the people. He was a factor in going against the king and parliament in trying to maintain control over the American colonies and the defeating of the French in key areas of the world. This included Canada, which sort of explains why they speak French yet have a British legal system. His goal was since there were over 2 million colonials in America, that the trade and wealth be distributed and the Empire expanded to include them. As he did have a plan to maintain the colonial support and trust in Britain, a serious illness kept him from sharing his plan. This resulted in the start of the colonial stand against the British, which resulted in the beginnings of the birth of America as a nation. His illness was not a coincidence.

So far, in my findings, I have not found anything revealing Pitt's issues of faith. HE has no religious affiliation accredited to his life and it seems his only interest was in wealth and the strategies to increase it in the Empire. Wall Street was established on this same trade system, which is bound to fail sooner or later. Even though Pitt was a unique, honest and gifted person, his values and goals were only focused on those of his peers and the rights to honestly gain wealth. Even in his appointment as Paymaster General, he chose to maintain the salary of that office rather than getting greedy and adding bonus monies to his post. This was something the wealth seekers and politicians could not understand. His life seemed to be to his immediate family, the affluent, then to his countrymen, then to his Japhetic or European family line. All else, including nations and people groups, were a commodity of the trade agreements. It was only by GOD's promise that Japheth's descendants would be fruitful, multiply and have dominion over the Earth at this time.

In concluding this brief biography, Britain was granted world dominance because they exemplified the "Kingdom" mindset working together as the United Kingdom. The problem was they had the wrong king in mind, which does not negate the fact that Bible principals work when implemented in any situation. Pittsburgh has created wealth for many people because of its location, resources, inhabitants and GOD's favor. The question is which king are our present

leaders and people following? William Pitt's king was wealth or "Mammon" (which is Aramaic for wealth) not so much the king himself, but the empire's wealth was his main idol. The Bible talks of King Jesus or The Messiah. It is also interesting to note that we tend to move towards the "Poor becoming Rich" stories rather than the "Rich becoming Poor", which is the life of Jesus and does not mean you have to be poor. Which "King" is Pittsburgh's heart after?

As a tribute to William Pitt, I would say the best adaptation of his lifestyle we could have is his love for his country and its values. Although our country is based on the laws of GOD, which are self-evident that all men are created equal, we should side with the origins of our country's desired purpose. To go against this is truly un-American and destructive to our calling. We are a land of the free that has been infiltrated with the desires of the greedy and the wicked. We have become such an oxy-moron that we should be the last people to promote value systems in any nation with our own in such an immoral and destructive portrayal of the good life, all the while speaking of our basic and fundamental Christian heritage. Once the dishonest people are removed from the heads of the key areas, we can become and maintain a desirable city, nation & world power.

Long live the King!

## **The life of William Penn**

Here is a brief outline of the life of William Penn. In April of 2006, I had an opportunity to go to England. As I arrived in Philadelphia to get my passport about 2 weeks prior to leaving for England, the Spirit of GOD had told me I was going to England to learn history and I would participate in a revival. Of course I got excited to say the least. I was able to see the Egyptian history at the British museum, which was of the Black race. One statue looked like a very close friend of mine I call Frankus (as in Francis). I was also able to stay approximately 10 minutes from Penn's gravesite in one of the wealthiest sections of England. The interesting thing, which I now find not to be a coincidence, was that his barns and gravesite were made of the wood from the Mayflower. This man had a true heart for GOD and Christianity involving the Kingdom principals and its expansion. With GOD, there are no coincidences.

Penn was born on October 14, 1644 in England, to a father that was an Admiral in the Royal British Navy. As a young man, he was a hard-core Jesus fanatic. His convictions were so strong that he was expelled from Oxford University because he refused to "conform" and compromise the Bible's teachings to become like the "Elites." (Much like Bishop Robert "Bob" Duncan stood for his faith and was illegally deposed according to the church Canon laws here in Pittsburgh.) Due to Penn's expulsion, the Admiral sent him to Ireland to oversee the family estates.

While there, and still being uncompromising, he met up with, and joined the Quakers which was another Spirit-filled group considered too radical for the mainstream church. So much so that Penn found himself jailed 4 times for his faith. During one stint, he wrote a book called "No Cross, No Crown." In this, he spoke of how Jesus said we could not be His disciples unless we pick up or carry our own cross, or burdens, and follow Him. The only thing that mattered to him was glorifying GOD in all he did. If you are wondering why I am giving all this detail, it is to set the stage and reason for him being the person who began our Nation's basic foundations. Even though he was the founder of Pennsylvania, then known as Penn's Woods, he constructed the Charter of Privileges that gave the settlers passage to join the Native American Indians in supposedly sharing this land. Pennsylvania is supposed to be a commonwealth that gave refuge to those who were persecuted for their unwavering beliefs. William, who was determined to build a Christian Commonwealth, called this state a "holy experiment." What happened? The land, which was given him by King Charles via a huge debt owed his father, was to be "The Seed of A Nation." This is the title of a book written about Penn's life. William knew that all human power and government came from GOD, which was why he set his property, Pennsylvania, to demonstrate the principals that are found in the Bible.

There is a much more interesting story on how this state / nation was founded upon Godly morality and precepts, yet taken by deception and violence. Even in the Pittsburgh area, the First Presbyterian Church on Sixth Avenue has a powerful history documented in their library. It includes the actual lifestyle of the inhabitants back then, living with the debris of human corpses decomposing in the streets. After visiting England and learning the history of how European torture was administered, this behavior was no surprise to me at all. Coupled with the Bible's description of Europeans, it all made sense. The heirs of William Penn began compromising their inheritance with deception to the Native Pennsylvanians. This actually began the invasion of

America, which is not what we are taught in school. When the rules are changed it is easy to lie, cheat and steal.

Another interesting thing I found was the outcome of the first service given in the present building. At the first Presbyterian entity, West of the Alleghenies, was a gathering of believers lead by General Forbes' chaplain, Charles Beatty, which began as a praise service in 1758 to thank GOD for the defeat of the French and the founding of Pittsburgh. In 1787, after the Revolutionary War, William Penn's heirs deeded the 2.5 acres on which the church now stands, which was an Indian burial ground. In the first service, as it was intended to unite all the beliefs together at Thanksgiving, it became a chaotic mess. This was the beginning of the strong "Religious" spirit that has spread division throughout this region. All the different classes clashed on how to begin the services, which destroyed the unity that GOD looks for. In unity HE "commands" the blessing.

Our nation was built based on the Bible being the "House" rules. To come into someone's home and change the rules is very rude, arrogant and disrespectful to that house and the family. The Capitol in Harrisburg is saturated with quotations from the Bible to remind those elected to that house of whose rules to follow. The Harrisburg Capitol building is not the only place where these laws are located. They are located on every courthouse across the country. To change these rules or manipulate people to believe a change is necessary is evil and actually truly un-American. Just to give you an idea of this state's significance, Pennsylvania had the first Congress (Philadelphia), the first Nation's Capitol (York) and the original "Gateway to the West" (Pittsburgh). It is time to restore what our Nation was set out to be. Just so you will understand, I am not talking about a religious nation, but the rules tht are our foundation. If you don't like the "House Rules", then leave the house. You can clearly see what happens when the rules are changed.

## **Socio-Economic Outline:** **The 7 Mountain Flowchart**

In this outline, I will attempt to reveal the flow of how these key points of dominance have been destructive to our nation and economic system. In a system where “Free Trade” is the key issue, we have to understand what this means. Free Trade has the ability to take from and maintain a weaker social class and promote gain (greed) as the pinnacle for success. The “Rags to Riches” story, which many of us are taught to obtain, has manipulated the rules of life and compassion. The flaw in this is that it undermines and destroys people’s lives in the process.

Here is the original outline and order for these 7 areas of life, which should be at the forefront of life and living in America. They are:

1. **Faith:** respect for the Creator of all things to use HIS guidelines for success on Earth.
2. **Family/Health:** preservation and compassion for life
3. **Education:** values, morality, social interaction, history
4. **Laws/Politics:** enforcement of guidelines, rules, situational adjustments
5. **Business Technology:** Economy, wealth sharing, family, community support
6. **Entertainment:** Cultural expression, Talents & Gifting(s) display
7. **Media:** broadcasting, encouraging,

Here is how greed has distorted our present social system to order these areas:

1. **Business:** money, greed, power, wealth, acquisitions, “Free Trade”
2. **Media:** false direction, fear, create false need/desire, sex promotion
3. **Laws:** class protection, immoral manipulation, pervert truth & justice, promote injustice
4. **Education:** manipulation, false values, target predetermined outcomes
5. **Entertainment:** promote immorality & disrespect, fuel business demands, injecting vulgar languages & perverse living into normal behavior
6. **People:** dysfunctional family, social status, race divisions, degradation, human guinea pigs, commodity
7. **Religion:** use of Bible for selfish control, bondage, manipulation, separation & division

In looking at the world, we view it from what we have been taught via home, school and our environment. Whenever we are taught things that are destructive and assured they are the way things are done, we have been subtly manipulated into living life dictated to perpetuate our present self-involved society. This is whether we are for or against what is being injected. Our response to do nothing to correct it actually promotes this behavior. Also, to attack the effect and not the cause is not a smart or methodical thing to do. As in any successful cure, you want to remove the root cause, not treat the symptoms.

Let's take the issue of abortion, for example. We fight about life, sometimes to the extremes. We claim how it is unlawful to kill babies or fetuses at any level of maturity. Although life does begin at conception, it does not fit into what our society wants to hear or acknowledge, so it is said. The problem is that sex is a serious and prosperous business to those who invest in the outcomes or promote items or situations that will cause these actions to occur. The marketing strategies are geared for teaching us how we need things to improve our personal appeal. These target areas include clothing, prescription & non-prescription drugs, social skills & status, popularity, acceptance, etc. This is the "must have" mentality that has infected our nation. The basis and direction for these self-indulgences promote sexual behavior and turn into many unwanted or criminal pregnancies. Most of these are influenced by the everyday bombardment of 6 of the 7 areas of life. To remove any option which will give direction to prevent this devastating and murderous act is deliberately not giving a person a choice in what their options are. Do not say it is immoral and not teach morality. Do not say it is evil and not teach what is good. Do not preach the guidelines of the Bible and not teach the history, reasoning and moral applications which it stands for. To think you can give someone a loaded gun, infect them with violent entertainment & media and not expect it to be shot is utterly moronic in nature, especially if the environment is supporting the means and necessity to promote the action.

Another example is with the economic system. "Free Trade" was set up to make the rich richer and the poor poorer. It is designed to take advantage of any situation that would cause a greater increase for the owners, investors and upper management. For example, the tax cuts for big business to go overseas helped destroy the middle-working class. This was due to drastically cutting the cost of overhead to the company by obtaining cheaper labor costs. This was how the British Empire ruled and gained their wealth around the world. This is also the basic foundation of the Stock Market, which is where the "buy low, sell high" mentality is lived daily. American slavery played a huge part in the Stock Market, which also spurred the need for unions. It is designed to get rich quick and increase it by whatever means possible using people as a commodity to fuel the need for business gain. We have been fooled into thinking the way to become successful is to get a lot of money. It is amazing how our government legalized investing in the "Futures" of the stock market. This is actually legalized gambling on whether or not particular stocks would increase or fail. Those who bet on "Fanny Mae & Freddy Mack" made out very well in the futures market.

This is just to give you an idea of what our nation has become. The basic fundamentals of America has been "hi-jacked" by greed, selfishness and destructive behaviors normalized. For instance, many businesses are profiting very well on the "sex industry". This includes radio, television, clothing manufacturers, Internet businesses and the like. We cry out against abortions and yet we will not attack the illegal and immoral things to stop this from happening. What do you think is the reason for this? Many teens are infected by the bombardment of sexual situations in everyday life, without being taught moral or ethical values. Even if they are, the possibilities are very high that remaining in that environment will have an effect. It is basic psychology 101 and the reasons for marketing immorality for financial gain. A person can look and feel good without being sexy, which is projecting and feeding a need to be desired for a person's body.

If people would stop and see how our lives are affected by what we see, and compare them to the way we should live, it would change the world. Mammon (wealth) cares for no man, it is a

spirit! Greed and selfishness has inverted and perverted the way our lives were designed to live. It has actually made us carnivores towards each other. Although your intentions may be good, look at the cause and affect it has on people's lives. We have been taught that everything is all about "me" and what "I" want. The correct way is to look out for others and others will look out for you. We are not here for ourselves, which should be the mindset of our political leaders to make the changes necessary to implement what is needed to make things right.

## **Understanding The Spirit of Religion**

In the 7-Mountains Flowchart, you will note that religion is at the bottom of the present social order chart. This was ushered to the bottom by the "theory of Evolution", which was abhorred by scientists and church leaders of that day. By this being placed last, the others can reign with no problems or hindrances. We call it "separation of church and state." Wealth attainment, or greed, has been at the forefront of society and has maintained control by keeping "GOD" at the bottom of the pile. Religion is what we refer to as understanding what GOD is saying and what HE wants us to do. On the contrary, it has been a seriously controlling force in our lives whether it was for the good or bad. The realization is most religion is NOT from GOD or what HE wants. It has been disguised as a "faith", which it is. The problem is that it is not the "faith" the GOD of the Bible wants us to have; yet it has been the model we have been subjected to. This form of faith has played a huge part of separating the so-called "church" into different divisions. There are different parts of the "body", as in human anatomy, so having a different function is a good thing. The problem is that religion has not only separated, but torn the body apart. One of the most common and agreed upon facts of life is that in division, nothing can stand together. This is not only a Bible principle, but also a working application in the world and in business.

Religion has been the key factor in world dominance. When you look back through history, you will find it has been filled with religious crusades or selfish ambitions of men who were regarded as "a god". GOD has created in us the desire to seek Him by placing a "void" in us that only HE can fill. We have tried to replace this with many things that we think are significant. We go searching out many things in and outside of our environment to try and fulfill that longing to belong. Some have been secluded and feel safe that way because of what others have done or imposed on them. Many of these things involve a spirit or spirits, which we have come to believe, is who we are and have become a part of our personality. This is far from the truth. It is like a slight of hand trick or better still an "illusion", which we think is true of us. It is not; unless that is the way we choose to live possibly because of our past experiences. If you can ever truthfully explain why you are doing what you do, you will come to find there is a reason behind it that stems from trusting a person or religion. You now have a choice to get information that will give you options in and out of your present situation.

One of the ways the spirit of religion has infected the churches is by excluding everyone that does not or will not conform to their mandates or "doctrine". Much of this turned into arrogance and pride. This includes attempting to maintain being a "self-supporting" entity and excluding others because of the different view on faith, or lack thereof, using some type of Bible

scripture to press their point across. Religion also states that if you tried to help someone out of a different faith, you were “sheep stealing”. This culminated into a platform for not helping people also. If you went to a church for help, one of the first things they would ask is if you are of their faith. If not, you were told to go to your church for help. But the worst is when you are told to go and get people by any means possible or fight to defend your faith. Many times this involved arguing about the Bible. The living GOD needs no defense; HE is well capable of defending Himself. We just need to do what HE tells us at that particular time. Our fight is not against people, but spirits and spiritual ignorance. Religion has chased many people away from GOD and terribly distorted our views of HIM.

To make this perfectly clear, I am not putting down anyone’s faith. It is fruitless to argue with someone who has made up his or her mind on that issue. I am trying to make a point of showing what a religious spirit will do, which is to separate and destroy what should be a common unity. It is not a complicated issue once you are properly informed of what has taken place and what needs to be accomplished.

For those of you who would like to take it a step further, I would suggest reading the Bible book of Revelations, chapter 17 verse 9. The flowchart was taken from the revelation of this particular verse or passage of scripture. Just so you will know, Wisdom is one of the 7 Spirits of GOD, which is spoken of in Revelations 1:4; 3:1; 4:5 and 5:6. These same spirits are hidden throughout the Bible. Verse 18 talks about the spirit behind our present economy, which has turned it into an empire. Reading the complete chapter will give you a better understanding of what has happened. Verses 10 to 14 are still in progress, so you can exclude them at this time.

## **The Pittsburgh Work Ethic**

Pittsburgh's work history is very unique in the way of survival. The stories of the history in this area are very gory and would definitely cause uproar in the city. Mostly because the truth is out and can no longer be hidden. Because of Pittsburgh being in such an area rich in mineral wealth, the struggle to fight for positioning in the city and region is and was amazing. The spirit behind the greed, violence, class & religious separations, coupled with the work ethic is still at work. Since the outset of the naming of the city, people have been fighting for positioning and wealth at the cost of many lives being lost or destroyed.

At the onset of the steel industry, Pittsburgh's products were shipped around the world via the rivers. The connecting cities, where major ports were concerned were New Orleans via the Ohio River and Quebec, by way of the Allegheny River & Erie Canal. Because of the mineral wealth of this region, many manufacturing plants were built along the rivers. These companies ranged from massive weapons of war produce one per day to nails and tacks cut by the thousands every minute. This city was a veritable candy store for those who were inquisitive and fascinated by displays of creativity and productive machinery. The coal and iron resources found all over the city fueled many factories around the region, the Mississippi valley and nation. This also includes the oil wells and salt mines north of the city, up the Allegheny River, as well as the glass and clay factories. The products made here gave credence to the might and power of Western Pennsylvania and America, yet the spiritual fight which kept a control of various social separations, kept Pittsburgh from becoming a booming major metropolis. Oakland itself was once called the "Billion Dollar District" because of the wealth created and capitalized on in this city. This city has always been a place very slow to give into change, which is mostly due to the systems set in place to control the industry and people. This unchangeable mindset includes the region as well. There is a painting in the upper lobby of the Duquesne Incline of the point when the factories caught on fire. Because there were so many factories and the city constantly filled with smoke, Pittsburgh was labeled "Hell with the lid off" in the mid 1800's. It is a fitting tribute to the spirit that has been controlling this region, which is about to be vanquished.

In concluding, I will make this as brief as possible. This lifestyle of violence and separation has been passed on through the families, only to continue the cycle with "family pride" keeping this locked into place. Although we have given it a name that is bearable and sounds great, the truth is that it is what has kept this city divided. These are actually family curses because pride in destruction only breeds destruction and division. The Steelers are known all around the world and there is nowhere you can go without finding a Steelers fan close by. The name goes with America's work ethic, hard working, serious and getting the job done. But what do you think the impact would be if Pittsburgh was known for its love for each other? That this city has turned around and began to show love and assist each other, not being concerned for personal benefit. Just as if the Steelers had won the Super Bowl every week, we would begin to show love and compassion for one another.

Psychology 101 will teach you the basics of creating an environment by what you put into it. We have been indoctrinated with hate and destruction so much that we "think" it is a way of life. It is actually not the way we really want to live. When we remove the violence we subject

ourselves to via family pride and television, which has controlled our lives more than we care to know, we can become a real city that people would love to live in. Children are the best recorders of things that happen but the worst interpreters. What they see is only understood by the environment they grow up in. The problem is everything they are subject too, they think is normal living. Add to that the stories we tell our children of good things being nullified by teaching that life does not work that way. This takes away their hope of true living and too often it ends with their lives being taken. For a perfect example, think about your life as a child. Include the things you have done and thought you got away with, only to see it repeat in your life even though you didn't get caught. What you thought then and what you know now are very different. In essence, it's all about love, friendship and following the rules given us for life and for this country. Not doing so is hazardous to your family and our nation.

## Repentance Over Pittsburgh

It has come to my attention, by revelation that people DO NOT want to accept the truth at face value. We have been conditioned that if you tell all the truth, you have given too much information because people don't want to hear it. Yet, if you give half the truth, you are a liar. There are many things that are hidden from us for various reasons and only GOD knows why we respond to certain things the way we do. My understanding of this is so we can see ourselves in the light, which HE has revealed, that we may begin to peel off another layer of bondage or deception that we may be freed a little more each time.

Many of us want to hear the truth as we see it, or in a fresh light as we move towards a certain direction. Yet when it comes to know the deeper meaning, which pierces the heart, we respond by ignoring it, fighting against it, trying to move it to the back of the pile or just bury it. In actuality, it does not change anything if it is not acted upon. To know is one thing, yet to do places us outside our comfort zones. If it is true, and as Christians, we say we have the truth, then we have to first agree to act upon it before anything can be accomplished. In all revelation, with unity and agreement, GOD can move the mountains of the Earth and make things happen. The keys here are "Unity & agreement."

Our words are spirit, life and energy. We make our environment and influence our culture by the things we say and do, which includes the things we do not do. If we are to have truth, let us get the full understanding of it and move on with it. If the veil is to be ripped open, we have to expect that our personal views, feelings and understanding will be ripped open as well. To think that we can continue as we were and will not be affected by this is pure foolishness.

A comment made by Senator John Murtha spoke the truth about Western PA by calling it a racist area. Then he recanted and spoke of the older folks. The statement is no less false that the area is still under racism, and it has affected us all in one-way or another. It has been in our PA history since the founding of the state and has spread across the country and has been maintained ever since. Remember, we, Pittsburgh, are the original "Gateway to the West." Just because people do not want to talk about it does not mean it is not a part of our society, region and nation. Repentance without action is just as bad as watching a baby cross the street in traffic. It does nothing to change the culture and mindset. If Pittsburgh is to change, we have to stand with the power of revelation and project it or continue to sit and hide behind religion and lies.

For instance, on October 17, 2008 and I sought to see a movie based on four African-American soldiers in WWII. The movie is called "Miracle at St. Anna", directed by Spike Lee and distributed by Disney. The movie is so good that the Italian Republic President Giorgio Napolitano said "It is a tribute to Italy". The Associations of Italian Partisans stated: "The people and memory of these events belongs to all the Italians: hence each contribution to immortalize this memory is meaningful and necessary." The story is about a brutal massacre of civilians in an Italian town and how these war heroes made a major sacrifice. It just came out on September 26<sup>th</sup> and is welcomed in Italy. At this time, 2 weeks later, it is nowhere within a 250 mile radius to be seen. How is this possible? Where is the Italian support? Racism DOES NOT want to hear about Blacks doing good things and still enduring the racial hatred they are refusing to acknowledge. This is a very good drama of a truth based on Blacks in wartime and no one wants to get an

understanding of the truth. This is the normal Pittsburgh fashion and regional response and the reason why we are always last to receive any thing that has been release across the country. It is a part of the evils of our region, and the curse, which has spread across the country. Where are the WWII veterans who say they did great things? Or is it that since it shows Black heroes, the racism standards would be violated, so it was pushed out of the region?

We say we want change, yet do we want it a little at a time or a radical movement that will capture our city, region and the nation? We say we are called to repentance for our failings and GOD will heal our land. Well, this is the key issue and focus for GOD to do something. This alone will open wide the heavens for a mass release of healing and deliverance from what has been set over and prepared for our city. We are the most livable city and we cannot live with this type of cultural manipulation. If the whole truth is not accepted, then justice & righteousness cannot rule. To continue this type of tyranny and manipulation makes us no different or better than any other city in the nation.

It is amazing how you think you can trust your friends until something of this nature comes up. Do people really want to hear and know the truth? How can you say you have the truth and only give a portion of it, the part that you want to tell? We have been so conditioned to living and telling lies that the truth is what will be torn apart and / or rejected almost immediately in key areas. Is this how you want to live? Truth has to come from somewhere and most of the time it is very emotionally painful. Yet, without it, we are living examples of human failure. Racism has affected everyone in one-way or another. It was a tool used so that GOD may show who HE is and what HE will do to make HIS word truth. The Black man has suffered 400 years of bondage and oppression because of the words spoken as a judgment to a race of people for abusing those whom GOD used as an example. Four hundred years is four hundred years, and the time has come for HIS people to be free.

There was an article in October of 2007, written about a U.S. Marine named Marco Martinez, who was awarded the Navy Cross and a former gang member. His statement was about the revelation he had of violence while serving in Iraq. He spoke of violence being two-fold. "There is one that is senseless and the other that is necessary in self-defense or to save lives." Racism is a senseless violence that has distorted, manipulated and destroyed many lives in more ways than one. Choosing to remove history, such as the movie, is a form of racism. It runs under the guise of "Blacks cannot do anything good, so lets keep up the facade." It is taught in our educational system, shaping the minds of children, which when coupled with the projected culture, causes destruction and feeds the news stories to satisfy the standard American culture. Racism was designed to benefit one race.

"The Kingdom of Heaven suffers violence, and the violent take it by force!" Matthew 11:12

\* Bible references in NKJV: Isaiah 19:25; Zephaniah 3:10,11; Amos 9:7; Acts 7:6,7

In that day Israel will be one of three with Egypt and Assyria, a blessing in the midst of the land, whom the Lord of hosts shall bless, saying, "Blessed is Egypt My people, and Assyria the work of My hands, and Israel My inheritance."

Isa. 19:24, 25

From beyond the rivers of Ethiopia My worshipers, The daughter of My dispersed ones, Shall bring My offering. In that day you shall not be shamed for any of your deeds In which you transgress against Me; For then I will take away from your midst those who rejoice in your pride, And you shall no longer be haughty in My holy mountain. Zephaniah 3:10, 11

"Are you not like the people of Ethiopia to Me, O children of Israel?" says the Lord. "Did I not bring up Israel from the land of Egypt, The Philistines from Caphtor, And the Syrians from Kir? Amos 9:7

"But God spoke in this way: that his descendants would dwell in a foreign land, and that they would bring them into bondage and oppress them four hundred years. 'And the nation to whom they will be in bondage I will judge,' said God, 'and after that they shall come out and serve Me in this place.' Acts 7:6,7

The "Judgment" is over! Now, I wonder if the church will begin to acknowledge the apostle Paul as a Black man, which he was, since we have a Black President? Or the fact that Jesus was not White, or is that too much at this time? Be that as it may, the Bible is a book of true facts and history and should NOT be left out of our public or private school system. The religion should be left up to the families and the churches, if they still want it. The facts should be available and taught without reservation. We have been manipulated long enough.

## Pittsburgh's Curses

### Situation #1:

We will begin with the oldest church in Pittsburgh, the First Presbyterian Church on 6<sup>th</sup> Street, Downtown. The history tells of the first service where division began at the very beginning on how to enter into GOD's presence. Everyone wanted to praise and thank HIM for who HE is and what HE's done, Some wanted loud shouts while others wanted to reverence the silence and wait. All the while there were dead and rotting bodies lying around outside on the streets. A huge part of England's history. This was the beginning of the divisions in the church of Pittsburgh. No different from today. We want to worship GOD the way we want and not how HE wants us to. Because of this, Jews and Christians have chased many people away from GOD by the interpretation and adjustments.

### Solution:

GOD speaks of "unity". HE created us to work together and be together as one in unity with one another. In this HE "commands" the blessing. We all were assigned and designed to be placed in different sections of the "Body". Elementarily speaking, the "Body" works together as ONE, composed of many parts. Separation and division only promotes destruction, which has clearly engulfed our city and Nation.

### Situation #2:

Pittsburgh is one of the major northern cities that sympathized with the South's slavery of Blacks and does what it can to keep this practice prevalent. Even though there have been great strides in Black history being made here, many things have been undermined and the war to destroy Black men & families goes on. PITT came out with a study on June 27, 2007 about Pittsburgh being the worst for Black families. Yet, as I tried to receive and share information, I was rejected there also. You can view and download the report at [www.crsp.PITT.edu](http://www.crsp.PITT.edu).

### Solution:

Do the research for yourself. I have included links to provide more information. Some are videos and some are written out. Search it out and you will be surprised at what you have been taught as truth. All the evidence points to the only system that works and the real GOD, who wrote the end from the beginning. HE cannot lie and HIS words are truth, life and freedom.

### Situation #3:

Pittsburgh's history and beginnings are saturated with racial, social & gender terrorism. The slaughter of Native Americans, early biological warfare (giving Indians polio infected blankets), wife beatings and the like have been tucked away from sight so that it could continue unhindered. The fear, which we say Muslim's are trying to do, is revealed by what happened in the conquering of America, yet the so-called "Muslim Invasion" is far less bloody.

### Solution:

Continuing to lie about the conquering of America will continue to destroy more lives and does not correspond with the founding articles of our nation. Truth, justice and righteousness

MUST rule so all men will have the opportunity for true freedom. The Creator/GOD/Great Spirit of the basic laws of our nation only works and verifies Himself with truth, justice & righteousness. In maintaining these, HE promises life, health and prosperity. Our nation has become an oxy-moron because of greed, pride and selfishness.

Due to the research I have done and the racial terrorism inflicted upon Black males supported by the University of Pittsburgh study, I became involved in an open discussion for the opening of a new charter school on the North side, which was already being constructed. The Mayoral Summit involved addressing the mayor, school superintendent and county commissioner on October 2<sup>nd</sup>, 2007. This revelation alone will cover 5 of the 6 points that sought to be addressed at this meeting. My concerns were to address the deliberate lies taught in the public school system denying true Black history, which demoralizes and deters strength and a proper foundation for success. Secondly, the lack of teaching moral and social values and skills needed to accomplish respect using the historical outline and the rights in which our country was founded upon.

Upon recently attending the November 2008 State of Black Pittsburgh Town Hall Meeting at Carnegie Mellon University, it was very clear that all the necessary components were in place to remove the injustice done by the various deceptions and implement an avenue of change. The only missing parts are **1)** the people connecting with the youth and communities to see that the opportunities are being properly instituted with everyone having access to them and **2)** a mass media involvement to get the information acknowledged. Failing to do so extends the abuse and continues the evil.

If Pittsburgh is going to have the title of "Most Livable City", then it should be for all people groups and an example of what a true American City should be. We should not let "Racial tyranny" continue, which is so very prominent in Western PA and not only expose those who participate in this type of activity, but reach out to connect with those targeted and give them information and hope.

## Our Nations Heritage

Our nation was built on the premise of Biblical principals. The treaties, Charters, Declarations and Constitution are all Biblically based and grounded. History reveals who was responsible in undermining the concepts back then, and we are responsible for how we respond to the revealed atrocities now. Wicked men used whatever means necessary, including the Bible, for personal, racial and political gain. Now it is time for this to cease and let the truth reign that all can become and be what our Creator designed and instructed us to be. All men are created equal.

There is no other set of rules and regulations that we can ever devise that will exceed Biblical principals. America has been battered by lies and deception for so long that to tell the truth to some will make no sense. Our foundations are built on truth and to distort or manipulate these truths makes you truly anti-American. To live in a "Class" society, you refute what GOD states about equality and our laws for government. Yet, because of the successful influences and destructive strategies, we have become just the opposite of what our destiny has called us to be. Not only that, it has reduced us to a lower score in the world's educational system.

Many of our "Founding Fathers" have lobbied for Christian values to be included into our Nation's heritage. Each time we have succeeded in this, we have become an example to the world of truth, leadership, determination and following the principals that were set for mankind's foundation of prosperity. A statement from Dr. Benjamin Rush, who was called by some "the father of modern psychiatry" and a co-signer of the Declaration of Independence, made this statement to President Adams: the Bible "is the only correct map of the human heart that ever has been published." Christianity must be "the only foundation" for a country: "Without this there can be no virtue, and without virtue there can be no liberty." Speaking of which, the Liberty Bell itself was the significant symbol for many around the world for freedom for all from tyranny and injustice. Now is the time to truly return to that purpose and plan.

Today, we are in a cultural, economic and spiritual war. The enemies of our nation are fighting to destroy us through ignorance, greed, pride and selfishness. Surprisingly, most of these people call themselves American. Take the time to learn what has happened and correct what you can. Support and do what is right in the eyes of GOD and our country. The most amazing portion of this is that many will try and oppose these truths including the so-called Christians and Jews who will not change and chose to continue these destructive behaviors for wealth's sake. Although GOD used the Egyptians and 400 years to build a Nation from about 75 people, HE had to oppress the Hametic descendants for oppressing HIS people. It is HIS law! In this day of revelation, HE chose to raise up the sons of Japheth, whom HE calls in Jeremiah 5 the "Destroyers" and Ezekiel 7 "Worst of the Gentiles" to correct the Hametic offspring.

If you read Isaiah chapters 17 through 20, HE will give you clarity in seeing the complete outline of what history and media has revealed about present-day behavior among most Blacks caught in the news and the stereotypes. Then, the raising of the Assyrian Empire, the sons of Shem, after HE tears down the Hametic son's reign. Most importantly, how GOD describes who they are, how they will return to HIM and what will happen to them before the return process is completed. We now have a son of Ham entering into the White House.

In Genesis chapter 9, GOD blessed Noah, Ham, Shem and Japheth. Each had an appointed reign to be fruitful and multiply. Jeremiah speaks of the shame of Ham and Shem being revealed and the beginning of Japheth's reign. True history reveals the shame of Japheth and the curses of death and destruction that follow, which HE has also made provision for all curses to be broken. This is the appointed time for the "Sons of GOD" to be revealed and the "Times of the Gentiles" has now been completed. Jesus spoke of the "Kingdom of GOD" being at hand, meaning now, over 2,000 years ago. That Kingdom is righteousness, peace, justice and in HIS Spirit. Our Nation was formed on these principals. History reveals that Man CANNOT govern himself by his rules. What more needs to be said?

*"All Scripture is inspired by God and profitable for teaching, for reproof, for correction, for training in righteousness; so that the man of God may be adequate, equipped for every good work." - 2 Timothy 3:16-17 NASB*

To continue to let evil and manipulative people lead our society will continue to destroy what we were supposed to become. Many Nations look at the USA in confusion. We say we are "one Nation under GOD", yet are the purveyors of ungodly movies, attire, morality and greed, which we promote openly on a daily basis and call it "Freedom of Speech." It should be embarrassing to a Nation who proclaims to be "One Nation under GOD..." Not to say that we should not have this freedom, but to display it in our leadership and government openly is ludicrous and embarrassing to say the least.

PA Senator Greenleaf shared that in September, four bills were passed that had been stalled for about 20 years. All four bills apply to the reforming of the justice/prison system, which will help to reform and rehabilitate people rather than just punish them. Each of the 4 bills had several aspects, as many as 20 different points, and that some of the individual points had been disputed since he has been in the senate for the past 30 years. Not only did they get majority agreement on these individual points, but they passed the entire bill!! In fact, they passed 4 BILLS!!! AND, they did it with support from all of the involved parties of law enforcement, legislators, judges, etc. This is truly a significant breakthrough in the PA government, especially for a state that has the largest percentage of life-sentences among Black youth in the Nation. Let there be no doubt that God loves justice. We are told to pray for our leaders in PA and the nation and for legislation preventing unjust convictions and protecting those who are wrongly convicted, a major step in Black America.

Today, many Christians sit on the sidelines focusing on themselves and being afraid or worried about what others might say or think. Some won't even vote. Religion tells us to pray; yet God calls us to get involved. Fulfilling your responsibility is a duty. If you do not know what to do, ask God to help you. If you don't believe in HIM, then do something anyway, but make sure it is the right thing to do.

## **The Key is Education**

While attending a seminar featuring Dr. Lance Wallnau at Greater Works Outreach, who is a highly sought after motivational speaker to prominent businessmen, it was confirmed to me that education was a key point in this revelation. During his teachings, he spoke of the seven mountains from the book of Revelation chapter 17 verse 9 which again reads: “Here is the mind which has wisdom: The seven heads are seven mountains which the woman sits.” When the Bible is properly interpreted, the secrets of our Creator are revealed for success and prosperity in everyone’s life that follow those principals. The secrets HE reveals then belongs to us to share and spread to everyone. The mountains he spoke of where Faith; Family; Education; Political / Legal; Media/News; Arts and Economy/Business. The woman who sits on these mountains is the evil one or harlot/whore of Babylon who has perverted these areas in the American culture for selfishness, greed and control. She is also called Diana in the book of Acts chapter 19 and the “Queen of Heaven” in 2<sup>nd</sup> Kings chapter 17.

(You would be surprised at how many of these symbols have infested our society, which we often cling to. Then we wonder why GOD does not do anything to help us. One of the worst is Free Masonry, which the participants freely enter into curses that effect their family and lineage. It is a very high price to pay just to get employment and a huge stronghold on our nation since its inception.)

As Dr. Wallnau spoke on them, I was given a vision of a Scottish castle I had saw a picture of before, which became pure white with gold caps on each top corner. Once I received that vision, I was shown that it was the Cathedral of Learning at Pitt University. Seeing as though they just confirmed my purpose with the report they had just released a few weeks earlier, it was settled more in my spirit that HE would confirm all HE has given me to release. Our Education system has been infiltrated with lies and deception to promote a false sense of security for Whites and a destructive mindset for Blacks throughout the country. These last 40 years of television growth and media events have made it easy to maintain the oppression and take us to the point of understanding the Egyptian descriptions in Isaiah chapters 19 & 20. All of GOD’s word will be revealed at the proper time, and this is the proper time for this revelation. This was part of the modified lynching techniques; poison the mind and destroy the people.

The truth MUST begin by being revealed and taught in the educational system. The Bible also MUST be returned into the school system as a textbook. This does not mean religion can, or will be taught. Religion destroys the purpose of the book and cannot be taught due to its divisions and separations of the facts stated within the text. This includes Scientology and New Age, which are based on the scientific principals of creation and energy. Failure to provide the truths of our nation’s foundation and actual history will continue to destroy that which our nation was founded upon and our society. The Old Testament is full of Black history, productive social interaction skills, economic success stories, scientific facts simplified, to name a few, and should be mandatory reading to understand what is truly at stake for the future. Colleges and universities were based on further understanding of biblical principals and generally founded by men of faith.

## **Cleaning Up Pittsburgh**

All during this year, it has been revealed to me the condition Pittsburgh is in. From the Masonic statues and symbols mounted in high places to the so-called Christian & Jewish believers and their connections with the deception in business, government and the effects it has on the participant's family members. I have also saw the connections to corrections by the advancement of the Spirit of Truth. More so, the people who call themselves "people of GOD", being Christian or Jewish, have been a major part of the deceptions. Pittsburgh is no different from other cities in the nation in many things, yet is chosen to be an example of what happens when truth reveals itself on a wide scale. Again, when the Bible speaks of Jacob & Israel, they are actions assigned to a people. Jacob is the deceiver and Israel is the people who fear GOD, cling to HIM and adhere to HIS ways. The story of Job is an excellent example. He was not Hebrew, yet followed their ways and was favored and blessed by GOD, twice. With this in mind, the following will clearly explain who is who, including the woman figure on the mountains of influence in our society. The names spoken here are assigned to a people/culture, not just a place. In reading the following chapters, Isaiah 46 to 48, you may not understand it, but you will get it.

### **Chapter 46**

Following evil; Comparing GOD; HIS purposes being done

1 Bel bows down, Nebo stoops; Their idols were on the beasts and on the cattle. Your carriages were heavily loaded, a burden to the weary beast. 2 They stoop, they bow down together; They could not deliver the burden, but have themselves gone into captivity.

3 "Listen to Me, O house of Jacob, and all the remnant of the house of Israel, Who have been upheld by Me from birth, Who have been carried from the womb: 4 Even to your old age, I am He, And even to gray hairs I will carry you! I have made, and I will bear; Even I will carry, and will deliver you. 5 "To whom will you liken Me, and make Me equal and compare Me, that we should be alike? 6 They lavish gold out of the bag, and weigh silver on the scales; They hire a goldsmith, and he makes it a god; They prostrate themselves, yes, they worship. 7 They bear it on the shoulder, they carry it and set it in its place, and it stands; From its place it shall not move. Though one cries out to it, yet it cannot answer nor save him out of his trouble. 8 "Remember this, and show yourselves men; Recall to mind, O you transgressors. 9 Remember the former things of old, For I am God, and there is no other; I am God, and there is none like Me, 10 Declaring the end from the beginning, And from ancient times things that are not yet done, Saying, 'My counsel shall stand, And I will do all My pleasure,' 11 Calling a bird of prey from the east, The man who executes My counsel, from a far country. Indeed I have spoken it; I will also bring it to pass. I have purposed it; I will also do it. 12 "Listen to Me, you stubborn-hearted, Who are far from righteousness: 13 I bring My righteousness near, it shall not be far off; My salvation shall not linger. And I will place salvation in Zion, For Israel My glory.

### **Chapter 47**

Evil and shame revealed; Generational Curses; Pittsburgh/USA

1 "Come down and sit in the dust, O virgin daughter of Babylon; Sit on the ground without a throne, O daughter of the Chaldeans! For you shall no more be called Tender and delicate. 2 Take the millstones and grind meal. Remove your veil, Take off the skirt, Uncover the thigh, Pass through the rivers. 3 Your nakedness shall be uncovered, yes, your shame will be seen; I will take vengeance, and I will not arbitrate with a man." 4 As for our Redeemer, the Lord of hosts is His name, The Holy One of Israel. 5 "Sit in silence, and go into darkness, O daughter of the Chaldeans; For you shall no longer be called The Lady of Kingdoms. 6 I was angry with My people; I have profaned My inheritance, And given them into your hand. You showed them no mercy; On the elderly you laid your yoke very heavily. 7 And you said, 'I shall be a lady forever,' So that you did not take these things to heart, nor remember the latter end of them. 8 "Therefore hear this now, you who are given to pleasures, Who dwell securely, Who say in your heart, 'I am, and there is no one else besides me; I shall not sit as a widow, Nor shall I know the loss of children'; 9 But these two things shall come to you In a moment, in one day: The loss of children, and widowhood. They shall come upon you in their fullness because of the multitude of your sorceries, For the great abundance of your enchantments. 10 "For you have trusted in your wickedness; you have said, 'No one sees me'; your wisdom and your knowledge have warped you; and you have said in your heart, 'I am, and there is no one else besides me.' 11 Therefore evil shall come upon you; you shall not know from where it arises. And trouble shall fall upon you; you will not be able to put it off. And desolation shall come upon you suddenly, which you shall not know. 12 "Stand now with your enchantments and the multitude of your sorceries, in which you have labored from your youth perhaps you will be able to profit, perhaps you will prevail. 13 You are wearied in the multitude of your counsels; Let now the astrologers, the stargazers, and the monthly prognosticators stand up and save you from what shall come upon you. 14 Behold, they shall be as stubble, the fire shall burn them; They shall not deliver themselves from the power of the flame; It shall not be a coal to be warmed by, nor a fire to sit before! 15 Thus shall they be to you with whom you have labored, your merchants from your youth; They shall wander each one to his quarter. No one shall save you.

## Chapter 48

### The meaning of Jacob explained

1 "Hear this, O house of Jacob, who are called by the name of Israel, and have come forth from the wellsprings of Judah; Who swear by the name of the Lord, And make mention of the God of Israel, but not in truth or in righteousness; 2 For they call themselves after the holy city, and lean on the God of Israel; The Lord of hosts is His name: 3 "I have declared the former things from the beginning; They went forth from My mouth, and I caused them to hear it. Suddenly I did them, and they came to pass. 4 Because I knew that you were obstinate, and your neck was an iron sinew, And your brow bronze, 5 Even from the beginning I have declared it to you; Before it came to pass I proclaimed it to you, Lest you should say, 'my idol has done them, and my carved image and my molded image have commanded them.' 6 "You have heard; See all this. And will you not declare it? I have made you hear new things from this time, even hidden things, and you did not know them. 7 They are created now and not from the beginning; And before this day you have not heard them, lest you should say, 'Of course I knew them.' 8 Surely you did not hear, Surely you did not know; Surely from long ago your ear was not opened. For I knew that you would deal very treacherously, and were called a transgressor from the womb. 9 "For My name's sake I will defer My anger, and for My praise I will restrain it from you, So that I do not cut you

off. 10 Behold, I have refined you, but not as silver; I have tested you in the furnace of affliction. 11 For My own sake, for My own sake, I will do it; For how should My name be profaned? And I will not give My glory to another.

12 "Listen to Me, O Jacob, And Israel, My called: I am He, I am the First, I am also the Last. 13 Indeed My hand has laid the foundation of the earth, and My right hand has stretched out the heavens; When I call to them, they stand up together. 14 "All of you, assemble yourselves, and hear! Who among them has declared these things? The Lord loves him; He shall do His pleasure on Babylon, And His arm shall be against the Chaldeans. 15 I, even I, have spoken; Yes, I have called him, I have brought him, and his way will prosper. 16 "Come near to Me, hear this: I have not spoken in secret from the beginning; From the time that it was, I was there. And now the Lord God and His Spirit have sent Me."

17 Thus says the Lord, your Redeemer, The Holy One of Israel: "I am the Lord your God, Who teaches you to profit, Who leads you by the way you should go. 18 Oh, that you had heeded My commandments! Then your peace would have been like a river, And your righteousness like the waves of the sea. 19 Your descendants also would have been like the sand, and the offspring of your body like the grains of sand; His name would not have been cut off nor destroyed from before Me."

20 Go forth from Babylon! Flee from the Chaldeans! With a voice of singing, Declare, proclaim this, Utter it to the end of the earth; Say, "The Lord has redeemed His servant Jacob!" 21 And they did not thirst When He led them through the deserts; He caused the waters to flow from the rock for them; He also split the rock, and the waters gushed out.

22 "There is no peace," says the Lord, "for the wicked."  
- end insert

The school systems should be loaded with truth in all its teachings, especially in the deliberate disregard for Black history. The Ancient Egypt section of the British Museum can verify this visually. True American history will show the successful effects of terrorism via racial discrimination including its effect on the world. GOD's pleasure was to give man a chance to rule under HIS leadership and come into HIS presence. Man chose to do differently.

## Conclusion

In concluding, we have been feed a destructive nature, which is contrary to what we, and our nation, were created to be. Extending your knowledge with the following links will give you a better understanding of what has happened to cause such an injustice to our society and Nation. As for myself, there has been a campaign in Pittsburgh to testify against wrongful acts displayed on billboards in targeted areas all over the city. My testimony is that I have been a victim of these “modern-day lynchings”. This inhumane and deliberate act of injustice and racial tyranny has severely crippled myself, which includes painfully living with detached left wrist joints, including the ulna bone, for the past 4 years. Even those who could do something chose to do nothing. What they meant for evil, GOD meant for good.

The people who were deliberately involved in this are as following:

1. Gary M. and the Vocollect, Inc. managerial team
2. Attorneys: Edgar Snyder & Associates, A.L.J. Alma Deleon, Dugan & Associates, Peter Mansmann and Steward Benson.
3. Drs. Richard Kramer, Arnold Broudy, Robert Kaufmann, Aaron Grand, Dean Sotereanos, Mark Baratz.
4. Mark Weitzman – PA Supreme Court Disciplinary Board
5. PA Human Relations Commission
6. The A.M.A., who recently admitted their disregard for Black health care.
7. Penn Hills Police Department.

I urge you to view the resources to have a greater understanding of what has happened and what is at stake. So many of us miss it because we try to fully understand what is happening. The point is that if it is the right thing to do, do it. There is only one race and that is the “Human Race.”

The scientific laws and properties of Physics prove GOD’s existence and power. Further understanding of these laws and mimicking the processes serve to increase modern technology. They are all Bible principals and can be found within it. Our future is at stake.
